INTRODUCTION VOLUME III

The Public Accounts of the Province of New Brunswick are presented in five volumes.

Volume I contains the audited financial statements of the reporting entity of the Province as described in Note 1 to the financial statements. They include a Statement of Financial Position, a Statement of Revenue and Expenditure, a Statement of Cash Flow and a Statement of Net Debt. Volume I also contains the Auditor's Report, Statement of Responsibility and a variance analysis.

Volume II contains unaudited supplementary information to the Financial Statements presented in Volume I. It presents summary statements for revenue and expenditure as well as five-year comparative statements. This volume also contains detailed information on Supplementary Appropriations, Funded Debt, statements of the General Sinking Fund, Securities Held, and revenue and expenditure by government department (this includes salary, travel, vendor, grant and contribution, and loan disbursement listings).

Current year departmental expenditures are reported by component and by primary type of expenditures. Unlike reporting in previous years, no budget is reported for expenditure by primary, and no prior year comparative figures are shown. This is due to: no budget was approved by primary; and comparative primary figures were not readily available due to massive reorganization of government departments.

This volume contains the financial statements of those corporations, boards and commissions which are accountable for the administration of their financial affairs and resources to the Government or Legislature of the Province. The Government or Legislature also has the power to control these organizations either through ownership or through legislative provisions.

Volume IV contains the financial statements of various trust funds which the Province administers as Trustee.

Volume V contains salary listings of certain government organizations, including regional hospital corporations, New Brunswick Power Corporation, New Brunswick Liquor Corporation and the Workplace Health, Safety and Compensation Commission of New Brunswick. The salary listings are for employees who received earnings during the year ended 31 December 2000 in excess of \$40,000.

AUDITOR'S REPORT

To the Chairperson and Members
Advisory Council on the Status of Women

I have audited the balance sheet of the Advisory Council on the Status of Women as at 31 March 2001 and the statement of revenue, expense and surplus for the year then ended. These financial statements are the responsibility of the Council's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Council as at 31 March 2001 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

**ADVISORY COUNCIL ON THE STATUS OF WOMEN
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Purpose of the organization

The Advisory Council on the Status of Women advises the New Brunswick government on matters relating to the status of women and brings before the public issues of concern to women.

2. Significant accounting policies

It is the policy of the Council to charge all fixed asset purchases to expense in the year in which the expenditure is incurred.

3. Expenses not included in these financial statements

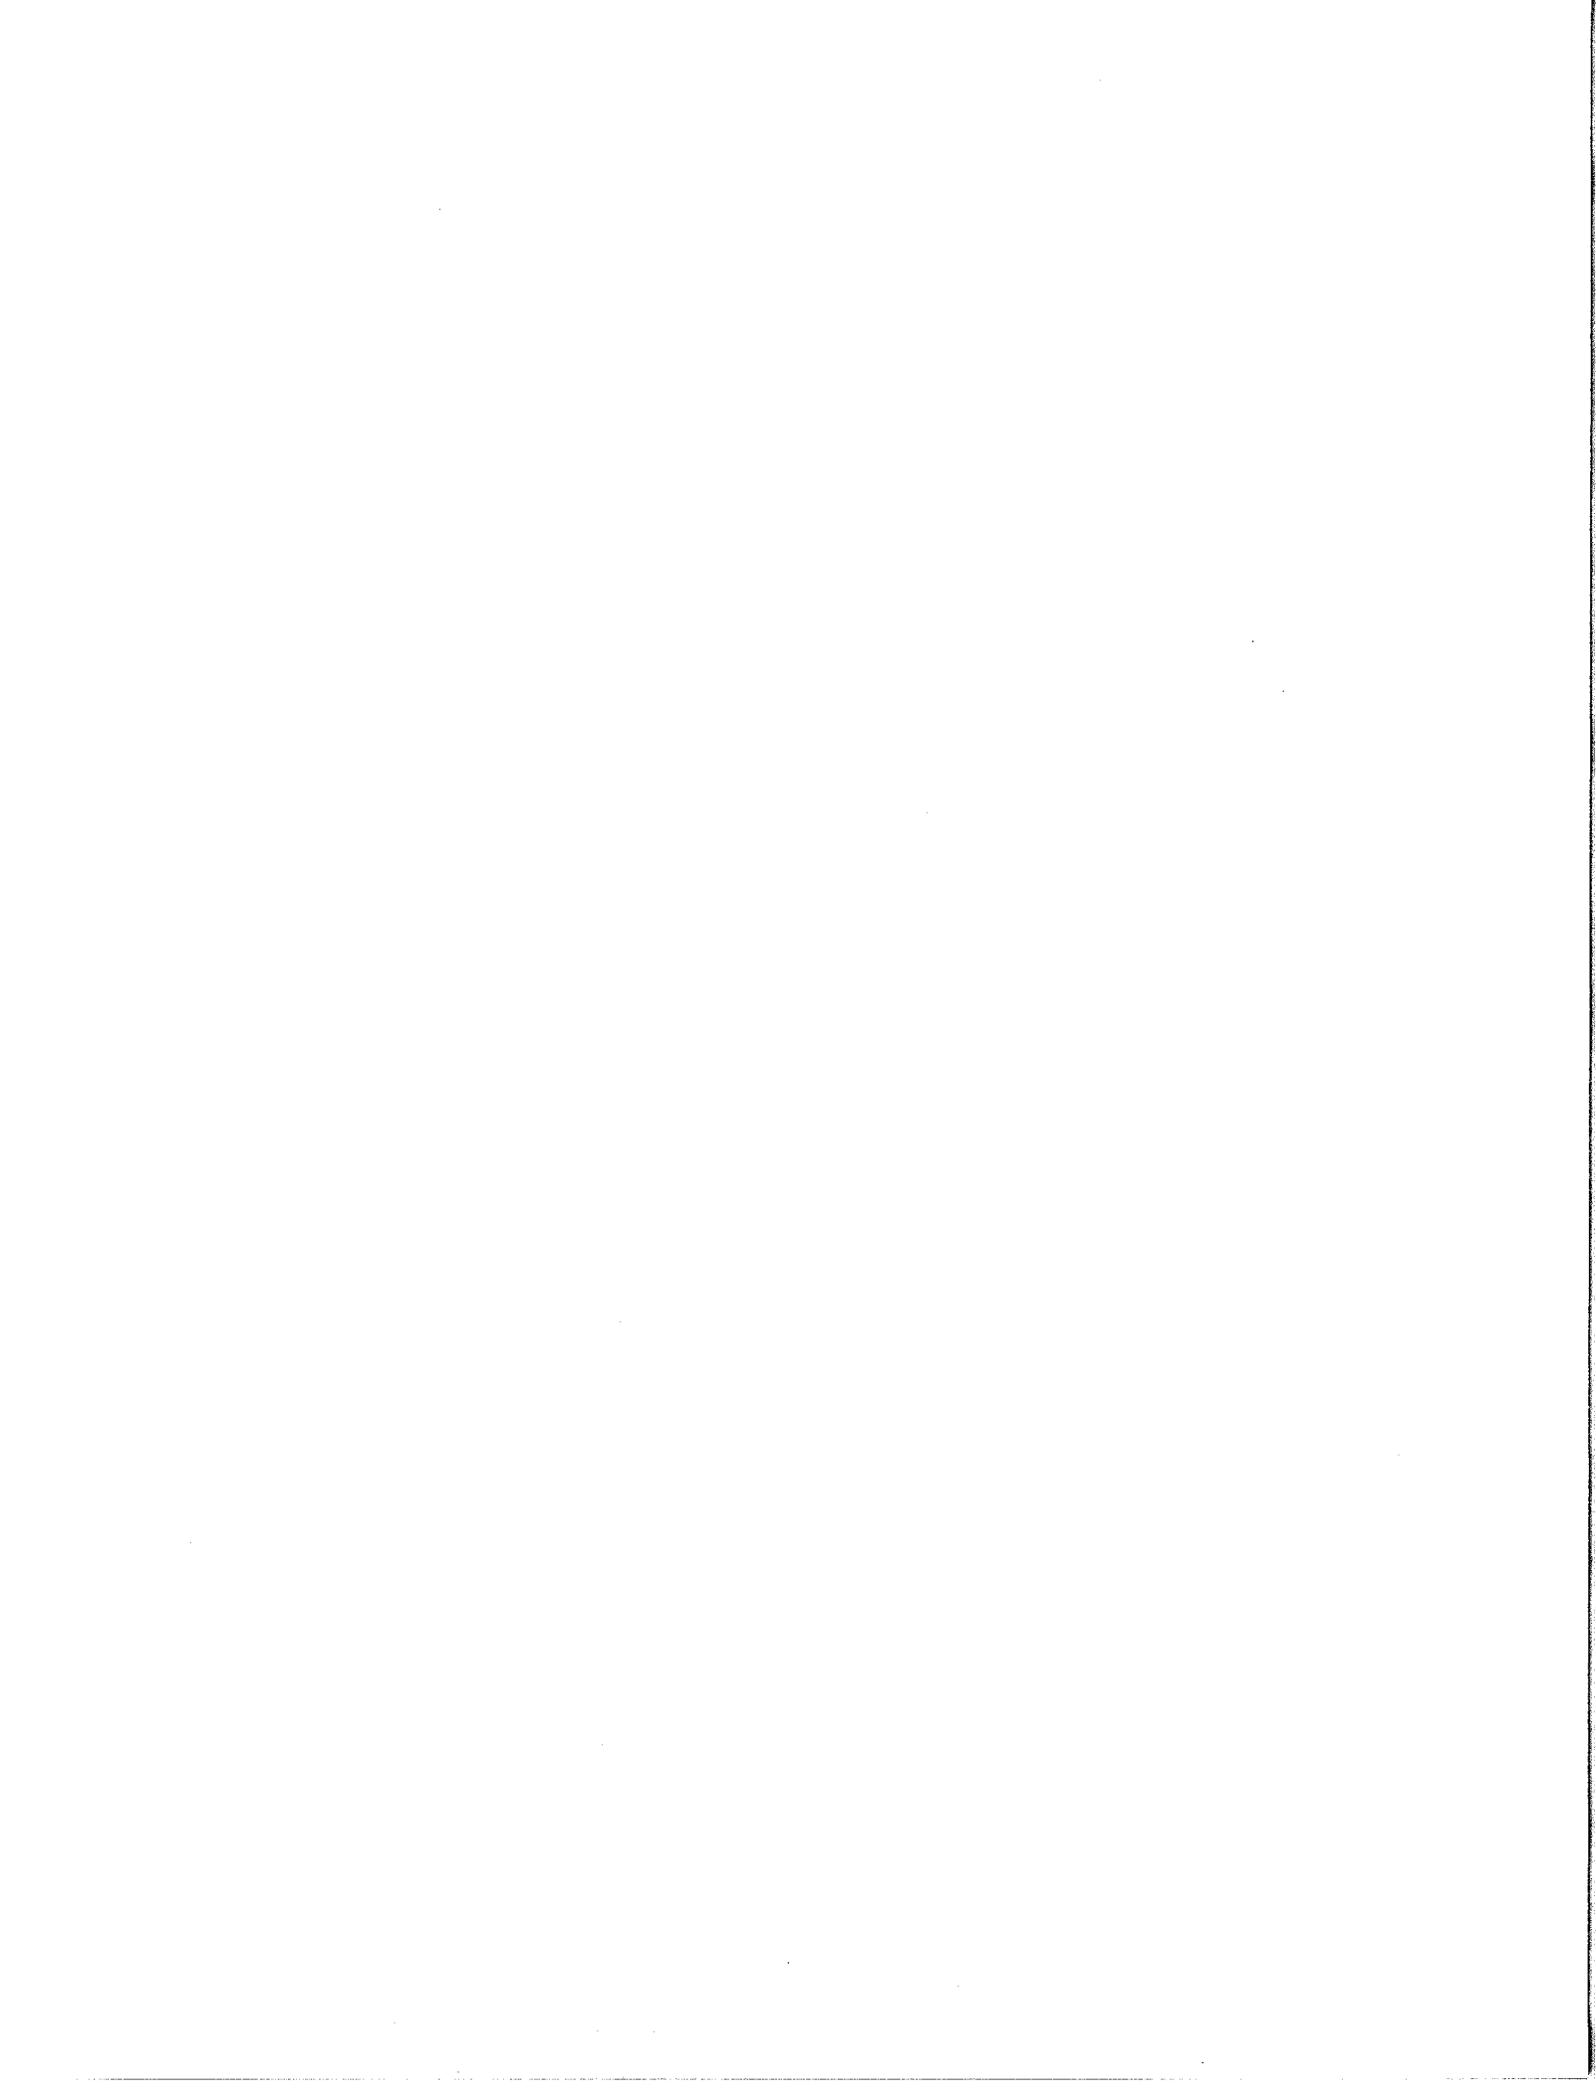

The rental of the Council's office and the majority of translation costs are paid for by the Province of New Brunswick and have not been included in the Council's expenses.

The Department of Finance has assumed responsibility for most of the costs of the financial administration of the Council.

4. Joint venture for Atlantic Women in Business Conference

During the year, the Council undertook a joint venture with the Atlantic Canada Opportunities Agency, the Centre for Women in Business and the Newfoundland and Labrador Organization for Women Entrepreneurs. The purpose of the joint venture was to hold the Atlantic Women in Business 2000 Conference.

Total expenses as a result of the conference were approximately \$138,000. This amount was substantially recovered by means of grants from ACOA and the Province (in the amount of \$85,460 and \$5,000 respectively) as well as conference registration fees (\$27,000) and other donations (\$17,850). The above amounts do not appear in the Statement of Revenue, Expense and Surplus.

ALGONQUIN GOLF LIMITED
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

1. Description of Operations

Algonquin Golf Limited was incorporated on 29 May 1998 under the New Brunswick Business Corporations Act. Its purpose is to own and operate the golf course previously owned by Algonquin Properties Limited. The company is wholly owned by the Province of New Brunswick.

The first year of operations was 2000; the course opened on July 1. At that time, the golf course assets owned by Algonquin Properties Limited - buildings, equipment and land - were transferred from Algonquin Properties Limited to Algonquin Golf Limited. After this transfer, the assets, revenues and expenses of the golf course were recorded in the Algonquin Golf Limited financial statements. The company has a management agreement which contracts the day-to-day management of the course to Fairmont Hotels & Resorts Inc.

2. Summary of Significant Accounting Policies

Capital Assets

All costs incurred to date have been capitalized under "Capital Assets". Amortization commenced on July 1 2000.

- a) A reserve for replacement of equipment has been established pursuant to the management agreement with Fairmont Hotels Inc. The agreement states that each year an amount not to exceed a maximum of one and one half percent (1.5%) of gross revenue may be added to this reserve. Purchase of furniture, fixtures, course equipment and minor enhancements will be charged against this reserve up to the balance in the account.
- b) Replacement costs of china, glassware and other clubhouse supplies are charged to expense in the year of purchase.
- c) Amortization of capital assets of the course have been approved by management on a straight line basis at the rates shown in Note 3.

3. Capital Assets

Work on the redesign, construction and furnishings of the new signature golf course at the Algonquin golf course site began in January of 1998. The work was completed and the course opened for operation in the summer of 2000. As of December 2000, the following costs had been incurred:

ALGONQUIN GOLF LIMITED
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

Capital Assets	Rate	Cost	Accumulated Amortization	Unamortized Balance
Land	0%	\$209,631	\$0	\$209,631
Buildings	5%	1,377,250	34,431	1,342,819
Golf Course Improvements	5%	4,934,843	123,371	4,811,472
Golf Course Equipment	20%	755,900	75,590	680,310
External Improvements	15%	178,196	13,365	164,831
Furniture and Fixtures	8%	70,986	2,839	68,147
		<u>\$7,526,806</u>	<u>\$249,596</u>	<u>\$7,277,210</u>

Assets were charged for a half year's amortization in this first year of operations.

4. Due to Province of New Brunswick

The full amount of the loan from the Province totaling \$4,572,514 was received over a period of three years with the final amount received in the year 2000. This loan is repayable no later than 31 March 2013, through blended payments of principal and interest each and every year with payments commencing 31 March 2002. The loan bears interest at the rate of 6% compounded semi-annually not in advance, beginning in 1999. Interest accrued on this loan for 2000 was \$231,443. (1999 - \$57,415)

5. Deferred Contribution

In 1998, the Algonquin Golf Limited received a non-repayable contribution of \$2,135,936 from the Province of New Brunswick towards costs associated with the redesign, construction, furnishings and equipment for the new signature golf course at the Algonquin golf site. The full amount was recorded as deferred revenue until the opening of the course. This amount is being amortized over the same period as the assets, which the contribution was used to fund, at a rate of 5% annually. In 2000 this amounted to \$53,398 as stated under financing activities on the cash flow statement.

ALGONQUIN GOLF LIMITED
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

6. Related Party Transactions

Under the Management Agreement, Fairmont Hotels may:

- purchase goods identified as goods of the operator through the purchasing department of the operator and the operator shall charge a purchasing fee in the amount of 5% of the cost,
- contract for advertising and promotional programs for the Algonquin as a member of the operator hotel chain, the cost of which shall be paid by the operator,
- contract for public relations programs and conduct public relations activities for the Algonquin as a member of the operator's hotel chain the cost of which shall be paid to the operator.

These types of expenditures are allocated to the appropriate expense items on the Statement of Revenue, Expense and Deficit.

Of the total accounts payable and accrued liabilities of \$611,174, \$511,367 is payable to Algonquin Properties Limited. (1999 - \$323,514) This payable is related to the transfer of revenues, expenses, assets and liabilities between the two corporations when the golf course officially opened on July 1, 2000 as well as the work done for the course which was paid for by Algonquin Properties Limited. The amount will be reimbursed when sufficient funds are available.

7. Contributed Surplus

The contributed surplus represents the book value of the former clubhouse building that was transferred from Algonquin Properties Limited.

8. Obligations Under Capital Leases

Capital leases are in place for golf carts and golf maintenance equipment. The total future principal and interest payments for capital leases amounts to \$361,545. That amount includes \$319,825 in principal and \$41,720 in interest.

Minimum annual principal and interest payments in each of the next four years are as follows:

AUDITOR'S REPORT

To the Shareholder of
Algonquin Properties Limited

I have audited the balance sheet of Algonquin Properties Limited as at 31 December 2000 and the statements of revenue and expense, changes in equity and cash flows for the year then ended. These financial statements are the responsibility of the company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the company as at 31 December 2000 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

**ALGONQUIN PROPERTIES LIMITED
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000**

1. Description of operations

The Company is wholly-owned by the Province of New Brunswick and administers the operations of the Algonquin Hotel. By means of a management agreement, the Company has contracted the day-to-day management of the hotel operations to Fairmont Hotels & Resorts Inc.

On July 1, 2000 the rebuilt golf course became fully operational and was separated from the corporation. The golf course assets, building, land and equipment were transferred to Algonquin Golf Ltd. After this transfer of assets, golf revenues and expenses were recorded in the books of Algonquin Golf Ltd.

2. Summary of significant accounting policies

(a) A reserve for replacement of equipment has been established pursuant to the management agreement with Fairmont Hotels Inc. to represent limits on the replacement of equipment chargeable to the operation of the hotel. The agreement states that each year an amount not to exceed a maximum of one and one half percent (1.5%) of gross revenue may be added to this reserve. Purchases of furniture, fixtures and equipment are charged against this reserve up to the balance in the account.

(b) Replacement costs of china, glassware, silverware, utensils, linen, and similar equipment are charged to expense in year of purchase pursuant to the management agreement with Fairmont Hotels Inc.

(c) Amortization of capital assets has been approved by management on a straight-line basis at the rates shown in Note 3.

3. Capital assets

	Rate	Cost	Accumulated Amortization	Unamortized Balance
Land	-	\$ 130,282	\$ -	\$ 130,282
Buildings, improvements and equipment	2.5 – 10%	22,651,895	7,584,045	15,067,850
Operating equipment	8 – 20%	2,999,242	2,069,235	930,007
		<u>\$ 25,781,419</u>	<u>\$ 9,653,280</u>	<u>\$ 16,128,139</u>

Assets are charged for a full year's amortization in the year of purchase.

ALGONQUIN PROPERTIES LIMITED
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

3. Capital assets (Continued)

Golf assets with remaining book value that were lost when the old course was rebuilt (course improvements, irrigation systems, etc.) were written off when the new course became fully operational. This write off amounted to \$257,932.

Golf assets that are still in use (former club house) were transferred to Algonquin Golf Ltd. at the remaining book value (\$59,532).

4. Due to Province of New Brunswick

	2000	1999
Shareholder's loan	\$ -	\$ 492,000
Loan for expansion	-	9,214,585
Advances	2,250,000	20,707,586
	<u>\$ 2,250,000</u>	<u>\$ 30,414,171</u>
Interest on expansion loan	-	7,633,789
	<u>2,250,000</u>	<u>38,047,960</u>
Less amount forgiven by the Province of New Brunswick	2,250,000	38,047,960
Total	<u>\$ -</u>	<u>\$ -</u>

The shareholder's loan and the advances were non-interest bearing with no specific terms of repayment.

The loan for expansion due to the Province was interest bearing. The interest rate on this loan was 9.06% compounded semi-annually. This rate is the twenty-year provincial borrowing rate at 15 May 1993 as determined by the Department of Finance. Interest began to accrue on 15 May 1993 when the expansion was substantially completed.

As directed by Board of Management, all loans and advances, including accrued interest, due to the Province of New Brunswick were forgiven. The total amount forgiven as at 31 December 2000 was \$40,297,960. This amount was credited to contributed surplus.

**ALGONQUIN PROPERTIES LIMITED
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000**

5. Related party transactions

- (a) Employees of the Province and Fairmont Hotels Inc., who are on business in connection with the management and operation of the Algonquin Hotel, are provided reasonable room accommodations, meals, laundry and valet services without charge.

All other goods and services provided by the Hotel to provincial employees are charged to those employees at fair market value.

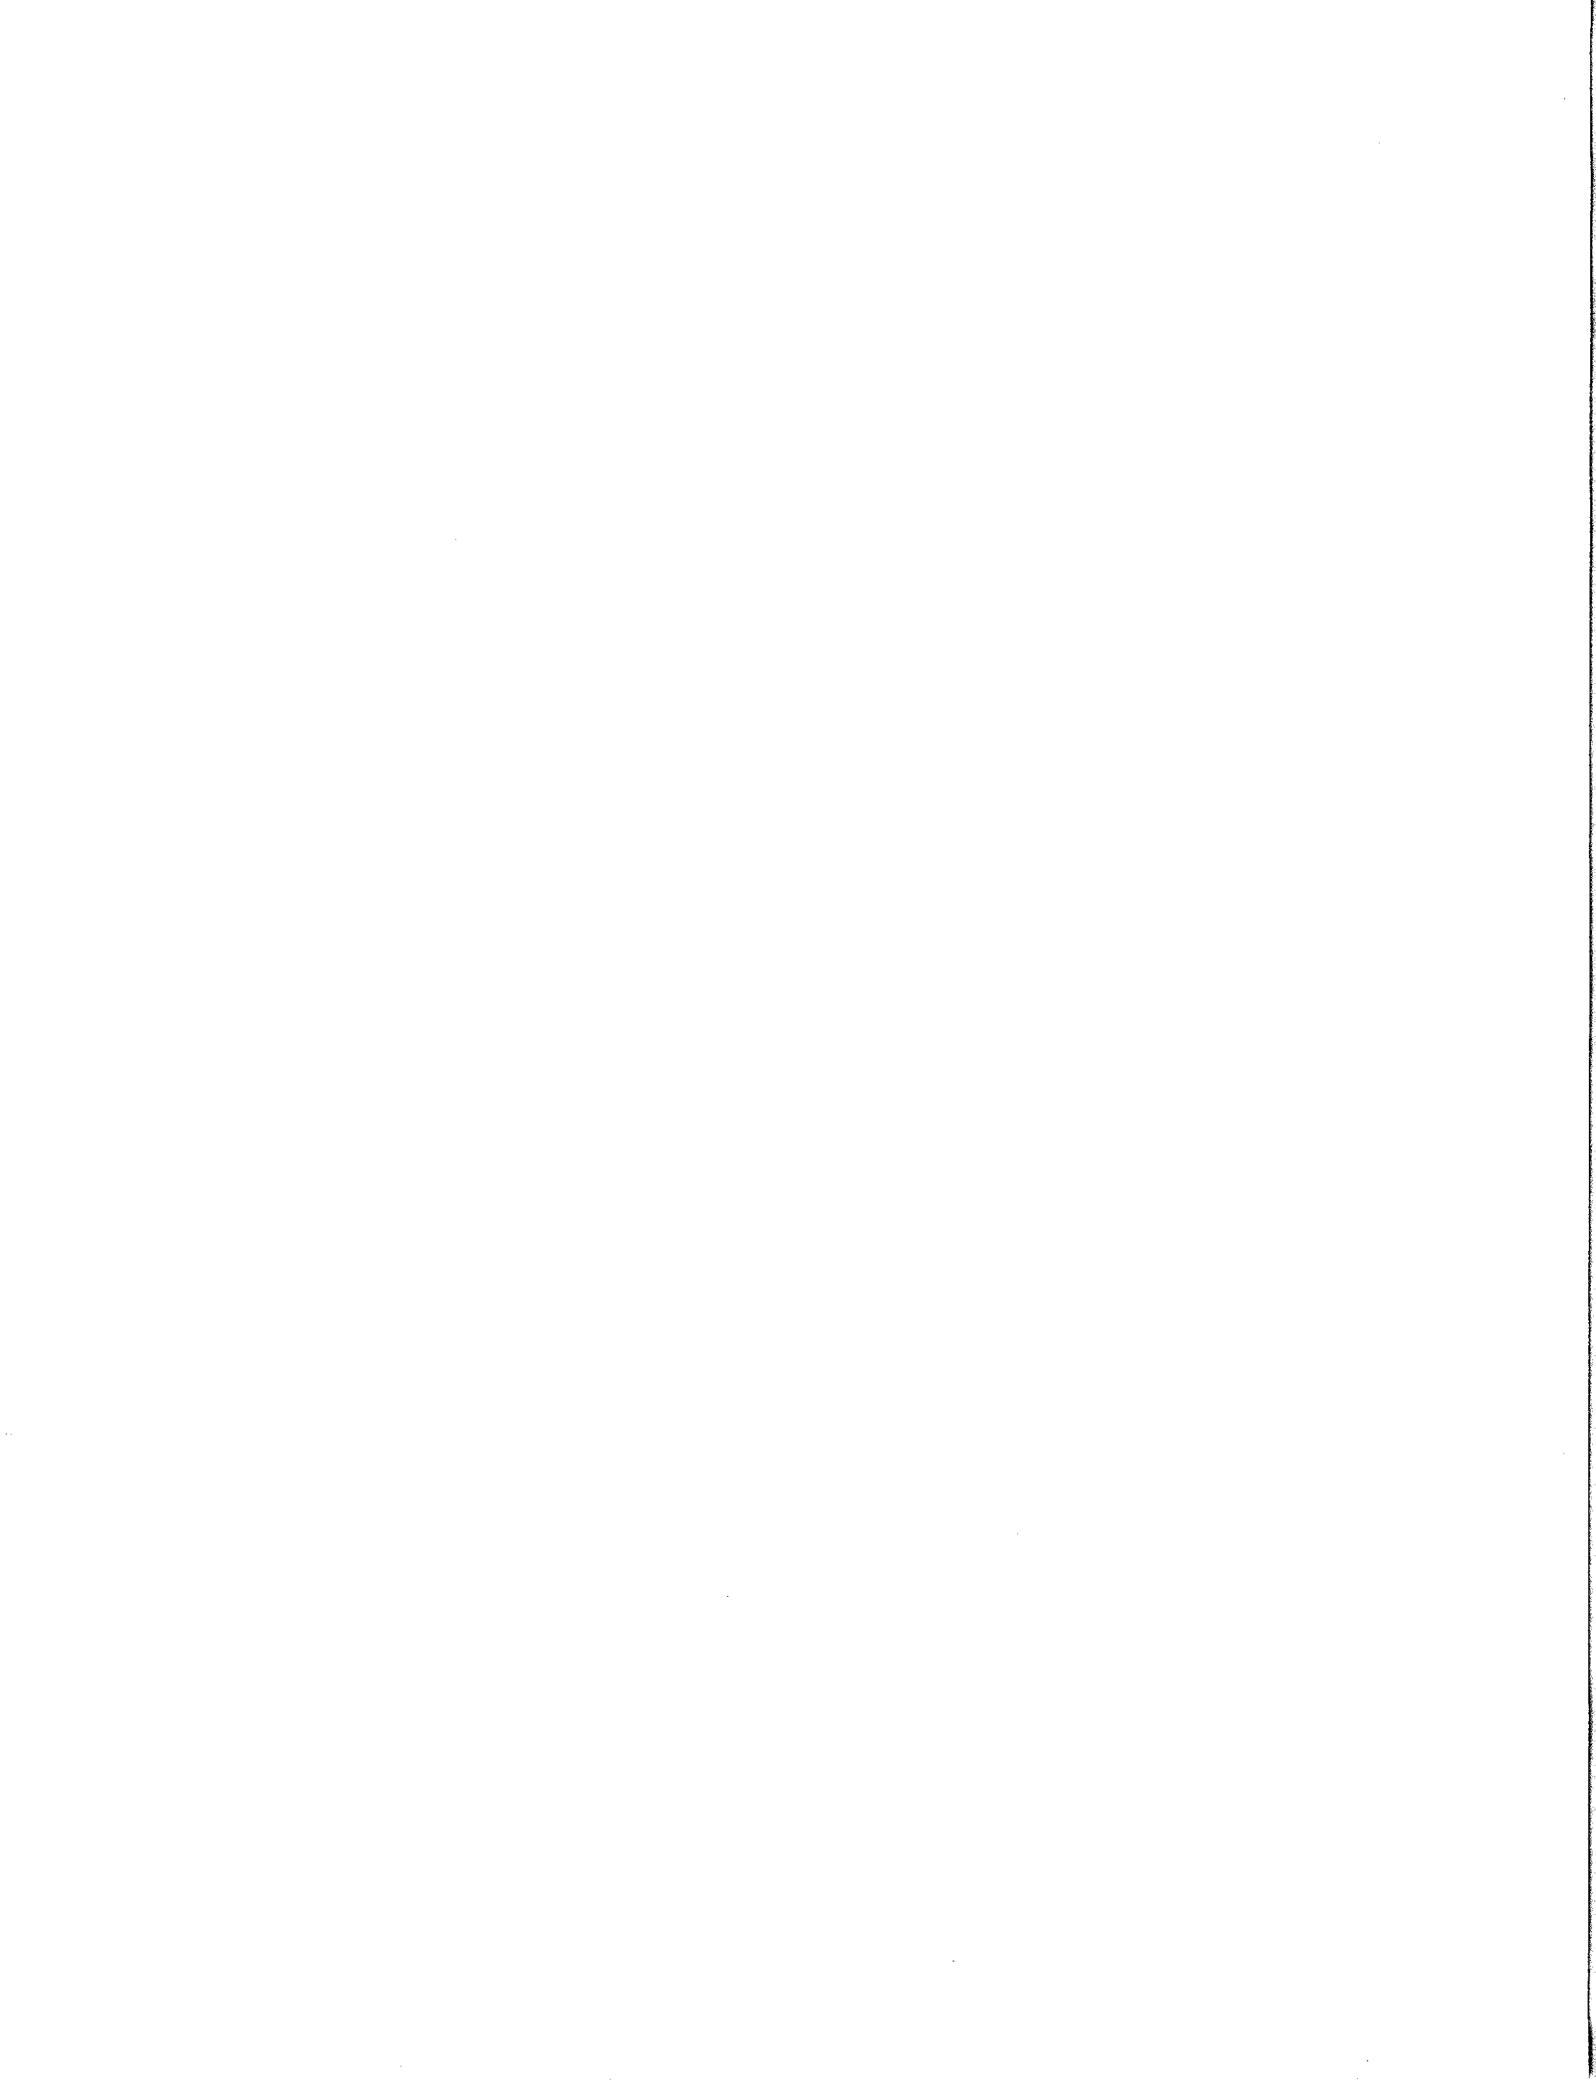

- (b) Under the Management Agreement, Fairmont Hotels Inc. (the operator) may:
- purchase goods identified as goods of the Operator through the purchasing department of the Operator and the Operator shall charge a purchasing fee in the amount of 5% of the cost;
 - contract for advertising and promotional programs for the Algonquin as a member of the Operator's hotel chain, the cost of which shall be paid to the Operator;
 - contract for public relations programs and conduct public relations activities for the Algonquin as a member of the Operator's hotel chain, the cost of which shall be paid to the Operator;
 - obtain the services of the Operator's reservation facility known as the Global Reservation Centre, at rates mutually agreed to by the parties from time to time; and,
 - obtain technical and specialized operational expertise (personnel of the Operator), at rates to be negotiated between both parties. This type of expertise would generally be related to a capital renovation program.

During 2000, Fairmont Hotels Inc. headquarters invoiced the Algonquin Hotel for a total of \$1,125,387 (1999 - \$976,207) for such services. The Algonquin also paid for \$110,534 (1999 - \$70,074) of goods and services from other Fairmont Hotels during 2000. These amounts have been allocated to the appropriate expense items on the Statement of Revenue and Expense.

- c) The operations of the Golf Course were separated from the Hotel operations on July 1, 2000 when the course became fully operational. The receivable is related to the transfer of revenues, expenses, assets and liabilities between the two corporations. The total receivable from Algonquin Golf Ltd. is \$511,367 (1999 - \$323,514). This amount will be reimbursed when sufficient funds are available.

6. Short Term Investments

As of December 31, 2000 Algonquin Properties Limited held short term investments in the amount of \$2,100,000. They are in the form of Government of New Brunswick Treasury Bills and valued at lower of cost or market value.

Auditors' Report

To the Board of Commissioners of Public Utilities
of the Province of New Brunswick

We have audited the balance sheets of the Board of Commissioners of Public Utilities of the Province of New Brunswick as at March 31, 2001 and the statements of revenue and expenditures and surplus and cash flows for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 2001 and the results of its operations and its cash flows for the year then ended in accordance with the accounting policies set out in the notes to the financial statements.

**Board of Commissioners of Public Utilities
of the Province of New Brunswick - Regulation of Electric Utilities
Notes to the Financial Statements**

March 31, 2001

1. Nature of operations

The Board of Commissioners of Public Utilities regulates electric utilities, automobile insurers, and natural gas distribution in New Brunswick.

The Board is exempt from income tax under Section 149(1)(d) of the Income Tax Act of Canada.

2. Summary of significant accounting policies

Cash on hand

One bank account is maintained for the Board. The balance of this account is allocated to each of the regulated divisions of the Board based on actual transactions.

Furniture and fixtures

Furniture and fixtures are expensed in the year of acquisition.

Computer equipment

Depreciation of computer equipment is recorded using the straight line method and a rate of 33 1/3%.

Leasehold improvements

Leasehold improvements will be amortized, commencing in 2002, over the term of the lease.

Direct expenses

Direct expenses include hearing costs, travel, training and other out of pocket expenses directly attributable to a specific public utility.

Allocations

Certain balance sheet and income statement items have been allocated between the three divisions of the Board based on management's best judgements and actual activity during the year.

Statement of Cash Flows

For the purpose of the statement of cash flows the Board considers cash on hand and balances with banks, net of overdrafts, and highly liquid temporary money market instruments with original maturities of three months or less as cash or cash equivalents. Bank borrowings are considered to be financing activities.

**Board of Commissioners of Public Utilities
of the Province of New Brunswick- Regulation of Electric Utilities
Notes to the Financial Statements**

March 31, 2001

3. Receivables	<u>2001</u>	<u>2000</u>
Accounts receivable	\$ 269	\$ 2,859
HST receivable	9,957	17,715
Travel advances	<u>691</u>	<u>-</u>
	<u>\$ 10,917</u>	<u>\$ 20,574</u>

4. Cash held in trust

Cash of \$2,815 (2000 - \$7,962) relating to the regulation of the public motor bus industry in New Brunswick is being held in trust by the Board on behalf of the New Brunswick Department of Transportation.

During the year, the Board conducted hearings, pursuant to the provisions of the Motor Carrier Act. Direct expenses associated with these hearings were paid by the Board, from fees collected from licensed motor carriers, with the approval of the Department of Transportation. No overhead expenses were paid from these fees.

5. Equipment			<u>2001</u>			<u>2000</u>
	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>	<u>Net Book Value</u>		
Computer equipment	\$ 32,536	\$ 14,159	\$ 18,377	\$ 12,178		
Leasehold improvements	<u>38,251</u>	<u>-</u>	<u>38,251</u>	<u>-</u>		
	<u>\$ 70,787</u>	<u>\$ 14,159</u>	<u>\$ 56,628</u>	<u>\$ 12,178</u>		

6. Assessment on electric utilities

In accordance with Section 9 of the Public Utilities Act, public utilities are assessed each year for their individual direct expenses together with their share of common expenses. Each utility's share of common expenses is based on the proportion of its gross earnings to the aggregate of gross earnings for all utilities. The assessments are adjusted to recover or return any deficiency or excess of revenue over expenditures of the prior year.

**Board of Commissioners of Public Utilities
of the Province of New Brunswick- Regulation of Electric Utilities
Notes to the Financial Statements**

March 31, 2001

6. Assessment on electric utilities (continued)	<u>2001</u>	<u>2000</u>
Gross electric utilities' earnings	<u>\$ 1,250,665,835</u>	<u>\$ 1,207,657,488</u>

	<u>452,600</u>	400,000
Surplus from prior year	<u>(261,474)</u>	<u>(122,493)</u>
Assessment on electric utilities	<u>\$ 191,126</u>	<u>\$ 277,507</u>

7. Assessment for public intervenor

Pursuant to Section 9(1.1) of the Public Utilities Act, the costs of the Agent for the Attorney General with respect to interventions made are to be collected by the Board from the public utilities regulated by the Board and paid to the Minister of Finance. No such amounts were collected and paid during the Board's fiscal years ended March 31, 2001 and March 31, 2000 as the Attorney General submitted no costs to the Board to be collected in its assessment.

8. Commitment

The Board signed a contract for \$255,300 to have Leasehold Improvements done to the Board's new premises at 15 Market Square in Saint John, New Brunswick. At year end the amount accrued on this contract totalled approximately \$127,000.

9. Comparative figures

Certain of the comparative figures have been restated to conform with financial statement presentation adopted for the current year.

Motor vehicles

Depreciation of vehicles is recorded using the straight line method and a rate of 20%.

Allocations

Certain balance sheet and income statement items have been allocated between the three divisions of the Board based on management's best judgements and actual activity during the year.

Statement of Cash Flows

For the purpose of the statement of cash flows the Board considers cash on hand and balances with banks, net of overdrafts, and highly liquid temporary money market instruments with original maturities of three months or less as cash or cash equivalents. Bank borrowings are considered to be financing activities.

2. Assessment on natural gas distributors

In accordance with Section 87 of the Natural Gas Distribution Act, natural gas distributors are assessed each year for their individual direct expenses together with their share of common expenses. Each distributor's share of common expenses is based on the proportion of its gross earnings to the aggregate of gross earnings for all distributors. The assessments are adjusted to recover or return any deficiency or excess of revenue over expenditures of the prior year.

FINANCIAL STATEMENTS

TRUST FUND NO. 33

FISCAL STABILIZATION FUND

31 MARCH 2001

Office of the
Auditor General

Bureau du
vérificateur général

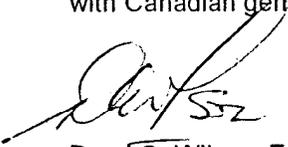

AUDITOR'S REPORT

To the Honourable Peter Mesheau
Minister of Finance
Province of New Brunswick

I have audited the statement of financial position of the Fiscal Stabilization Fund as at 31 March 2001 and the statement of revenue, expenditure and fund equity balance for the year then ended. These financial statements are the responsibility of the Fund's trustee. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Fund's trustee, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Fund as at 31 March 2001 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. General

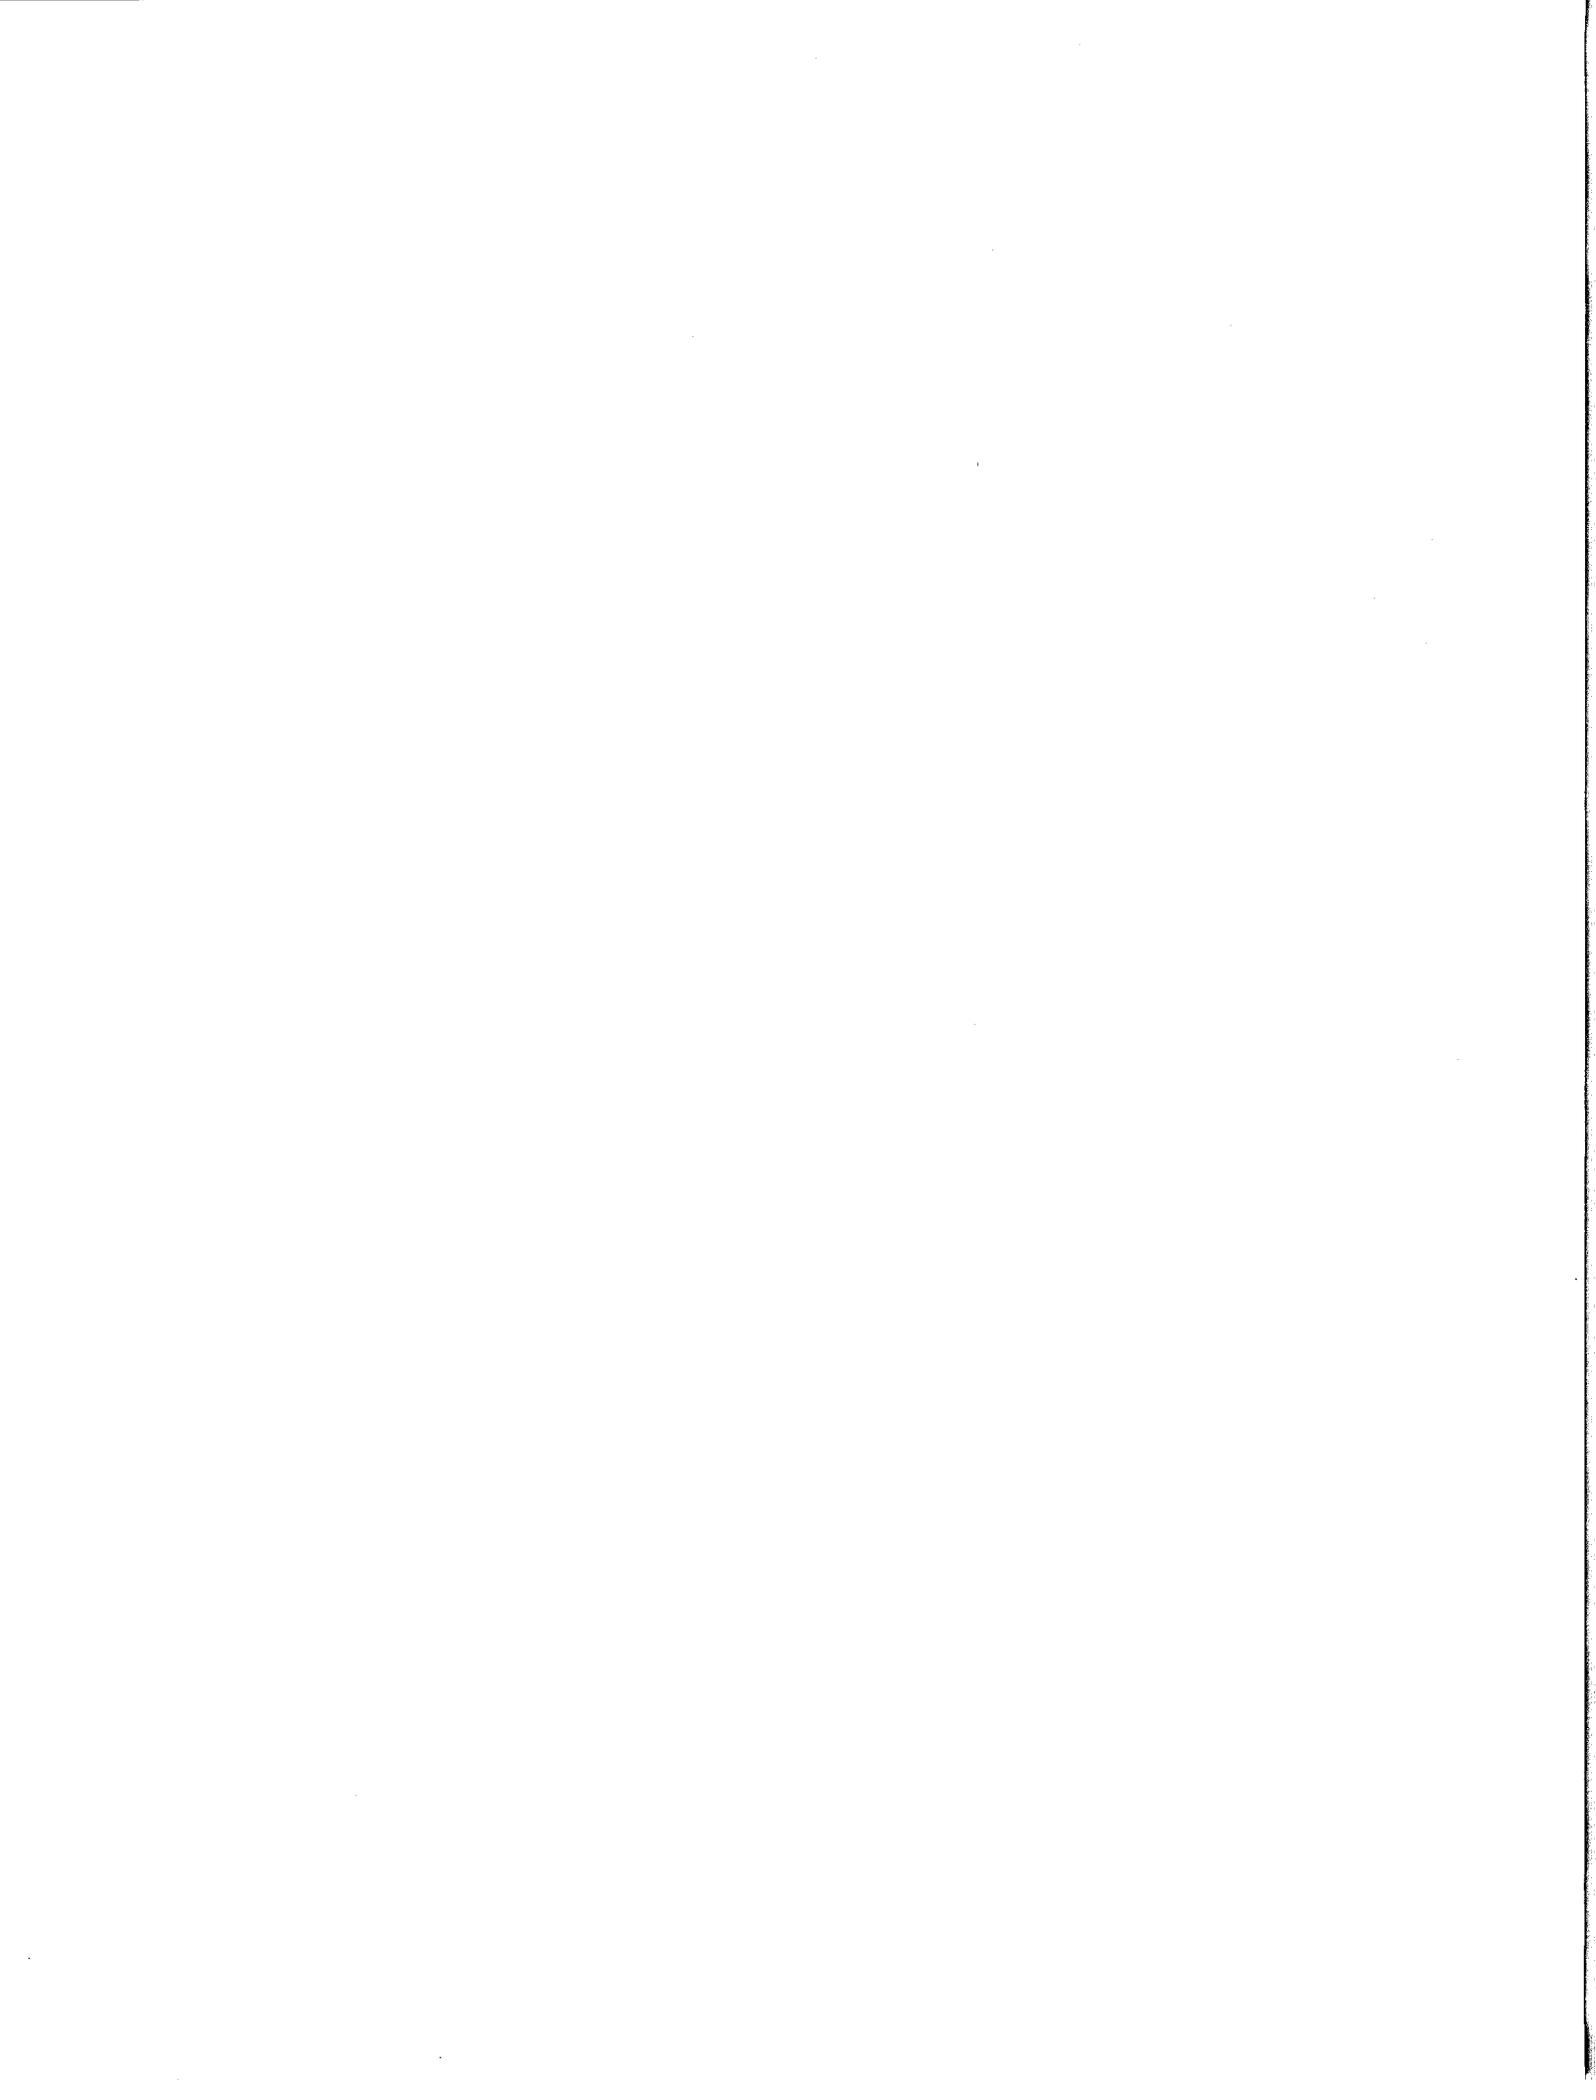

The Fiscal Stabilization Fund was established on March 31, 2001 in accordance with the Fiscal Stabilization Fund Act ("Act").

The Minister of Finance, in accordance with the Act, holds the Fiscal Stabilization Fund in trust. The purpose of the Fund is to assist in stabilizing the fiscal position of the Province of New Brunswick from year to year and to improve long-term fiscal planning.

Transfers out of the Fund are made for the sole purpose mentioned above and with the approval of the Lieutenant-Governor in Council.

2. Significant Accounting Policies

Receivables are recorded in accordance with the accrual basis of accounting.

Auditors' Report

To the Shareholders,
Forest Protection Limited

We have audited the balance sheet of Forest Protection Limited as at March 31, 2001 and the statements of operations and unrestricted net assets, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2001 and the results of its operations, the changes in net assets and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

FOREST PROTECTION LIMITED**Notes to the Financial Statements****year ended March 31, 2001**

1. ACCOUNTING POLICIES*Operations and Net Investment in Capital Assets*

- a. The Company is a non-profit organization and carries out an annual program comprising pest control, fire suppression and research and development of forest protection activities. The costs of the pest control program including all overhead expenditures are shared between various participating companies and the Province of New Brunswick on the basis of an approved cost sharing formula. Costs directly attributable to fire suppression activities are recovered from the Province of New Brunswick. The net cost of research and development activities, after deducting revenues received, is recovered from the participating companies and the Province of New Brunswick on the basis of a separate approved cost sharing formula.
- b. Program expenditures funded by participants include all costs incurred during the year, including the cost of property, plant and equipment and inventories consumed during the year. Costs funded are reduced by proceeds on disposal of property, plant and equipment, except for aircraft sales, which are transferred to Net Assets Internally Restricted for Equipment Replacement.
- c. Property, plant and equipment acquired during the year which remained on hand at the year end are recorded in the financial statements as Net Investment in Capital Assets.
- d. Inventories acquired up to October 31, 1975 are valued at historical cost, if determinable, or at an estimated replacement value at that date. Inventories acquired after October 31, 1975 are valued at current acquisition costs. Consumable supplies, except for pesticides, aviation fuel and lubricants, on hand at the end of each year are not included in the inventory balance.
- e. Land and buildings acquired before October 31, 1975, are recorded at estimated cost. All other property, plant and equipment, including buildings acquired subsequent to October 31, 1975 is valued at historical cost.
- f. Amortization of property, plant and equipment is calculated as follows:

Building and Mobile Homes	-	10% straight-line
Aircraft	-	4% straight-line
Equipment	-	20% straight-line

FOREST PROTECTION LIMITED
Notes to the Financial Statements

1. ACCOUNTING POLICIES (Continued)

Net Assets Internally Restricted for Equipment Replacement

g. By authority of the Board of Directors, the following sources of funds are to be transferred to this account for the purpose of replacing the Company's equipment:

- proceeds received from aircraft sales;
- proceeds from legal actions, less the cost of pursuing these actions; and,
- operating surpluses arising from unrestricted operations.

2. PROPERTY, PLANT AND EQUIPMENT

	Cost	Accumulated Depreciation	Net Book Value	
			2001	2000

Auditor's Report

To the Directors of
Kingsbrae Horticultural Garden Inc.

I have audited the balance sheet of Kingsbrae Horticultural Garden Inc. as at March 31, 2001, and the statements of operations, changes in fund balances, and cash flows for the year then ended. These financial statements are the responsibility of the organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

Except as explained in the following paragraph, I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many not-for-profit organizations, the organization derives revenue from private and public contributions the completeness of which is not susceptible of satisfactory audit verification. Accordingly, my verification of these revenues was limited to the amounts recorded in the records of the organization and I was not able to determine whether any adjustments might be necessary to contribution revenues, excess of revenues over expenses, assets and fund balances.

In my opinion, except for the effect of adjustments, if any, which I might have determined to be necessary had I been able to satisfy myself concerning the completeness of the contributions referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2001, and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Comparative figures presented as part of these financial statements were audited by another firm of chartered accountants.

Kingsbrae Horticultural Garden Inc.

Notes to the Financial Statements

March 31, 2001

1. Nature of operations

Kingsbrae Horticultural Garden Inc. is an organization managing and operating a horticultural garden for and on behalf of the Province of New Brunswick. Kingsbrae Horticultural Garden Inc. is incorporated under the *Companies Act of New Brunswick* as a not-for-profit organization.

2. Summary of significant accounting policies

Fund accounting

Kingsbrae Horticultural Garden Inc. follows the restricted fund method of accounting for contributions.

The General Fund accounts for the organization's operational and administrative activities. This fund reports the unrestricted and restricted operating and special design resources.

The Capital Construction Fund reports only restricted resources that are to be used for constructing the garden and acquiring related facilities and equipment for and on behalf of the Province of New Brunswick.

Revenue recognition

Restricted contributions relating to general operations are recognized as revenue of the General Fund in the year in which the related expenses are incurred. Restricted contributions relating to capital construction are recognized as revenue of the Capital Construction Fund.

Unrestricted contributions are recognized as revenue of the General Fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Capital assets

Capital assets are recorded at cost. Depreciation is provided over the assets' estimated useful lives as follows:

Buildings	20% declining balance
Computer equipment	30% declining balance
Signage	25% straight-line

Contributed services

Volunteers on a local advisory committee contribute several hours per week to assist Kingsbrae Horticultural Garden Inc. and provide input on various matters pertaining to construction and operations. Because of the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

L K TOOMBS

Kingsbrae Horticultural Garden Inc.

Notes to the Financial Statements

March 31, 2001

2. Summary of significant accounting policies (continued)

Temporary investments

Temporary investments are recorded at the lower of cost and market value.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, balances with banks and short term deposits with original maturities of three months or less.

3. Capital assets

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net 2001</u>	<u>Net 2000</u>
Buildings	\$ 6,869	\$ 687	\$ 6,182	\$ -
Computer equipment	2,783	417	2,366	-
Signage	<u>5,868</u>	<u>734</u>	<u>5,134</u>	<u>-</u>
	<u>\$ 15,520</u>	<u>\$ 1,838</u>	<u>\$ 13,682</u>	<u>\$ -</u>

4. Deferred revenues

The deferred revenues reported in the General Fund represent restricted funding received in the current and prior years. \$104,114 is designated for expenses of the subsequent year and the remainder is for a use to be established.

5. Financial instruments

The carrying values of cash, receivables, and payables and accruals reflected on the balance sheet approximate their respective fair values.

The organization's revenues are dependent on a wide client base and bad debts have not been significant. Concentrations of credit risk are considered to be minimal.

Kingsbrae Horticultural Garden Inc. Notes to the Financial Statements

March 31, 2001

6. Commitments and contractual obligation

Kingsbrae Horticultural Garden Inc. has entered into an agreement to construct and operate a horticultural garden on behalf of the Province of New Brunswick ("Province"). This agreement provides the following:

Income earned from a \$1,000,000 gift, made to and deposited by the Province to a special purposes account ("Trust fund"), be paid to the organization for operation costs;

A gift of \$450,000, made to and deposited by the Province, be paid to the organization for capital construction;

The Town of St. Andrews ("Town") borrow \$450,000, for the organization's use for capital construction;

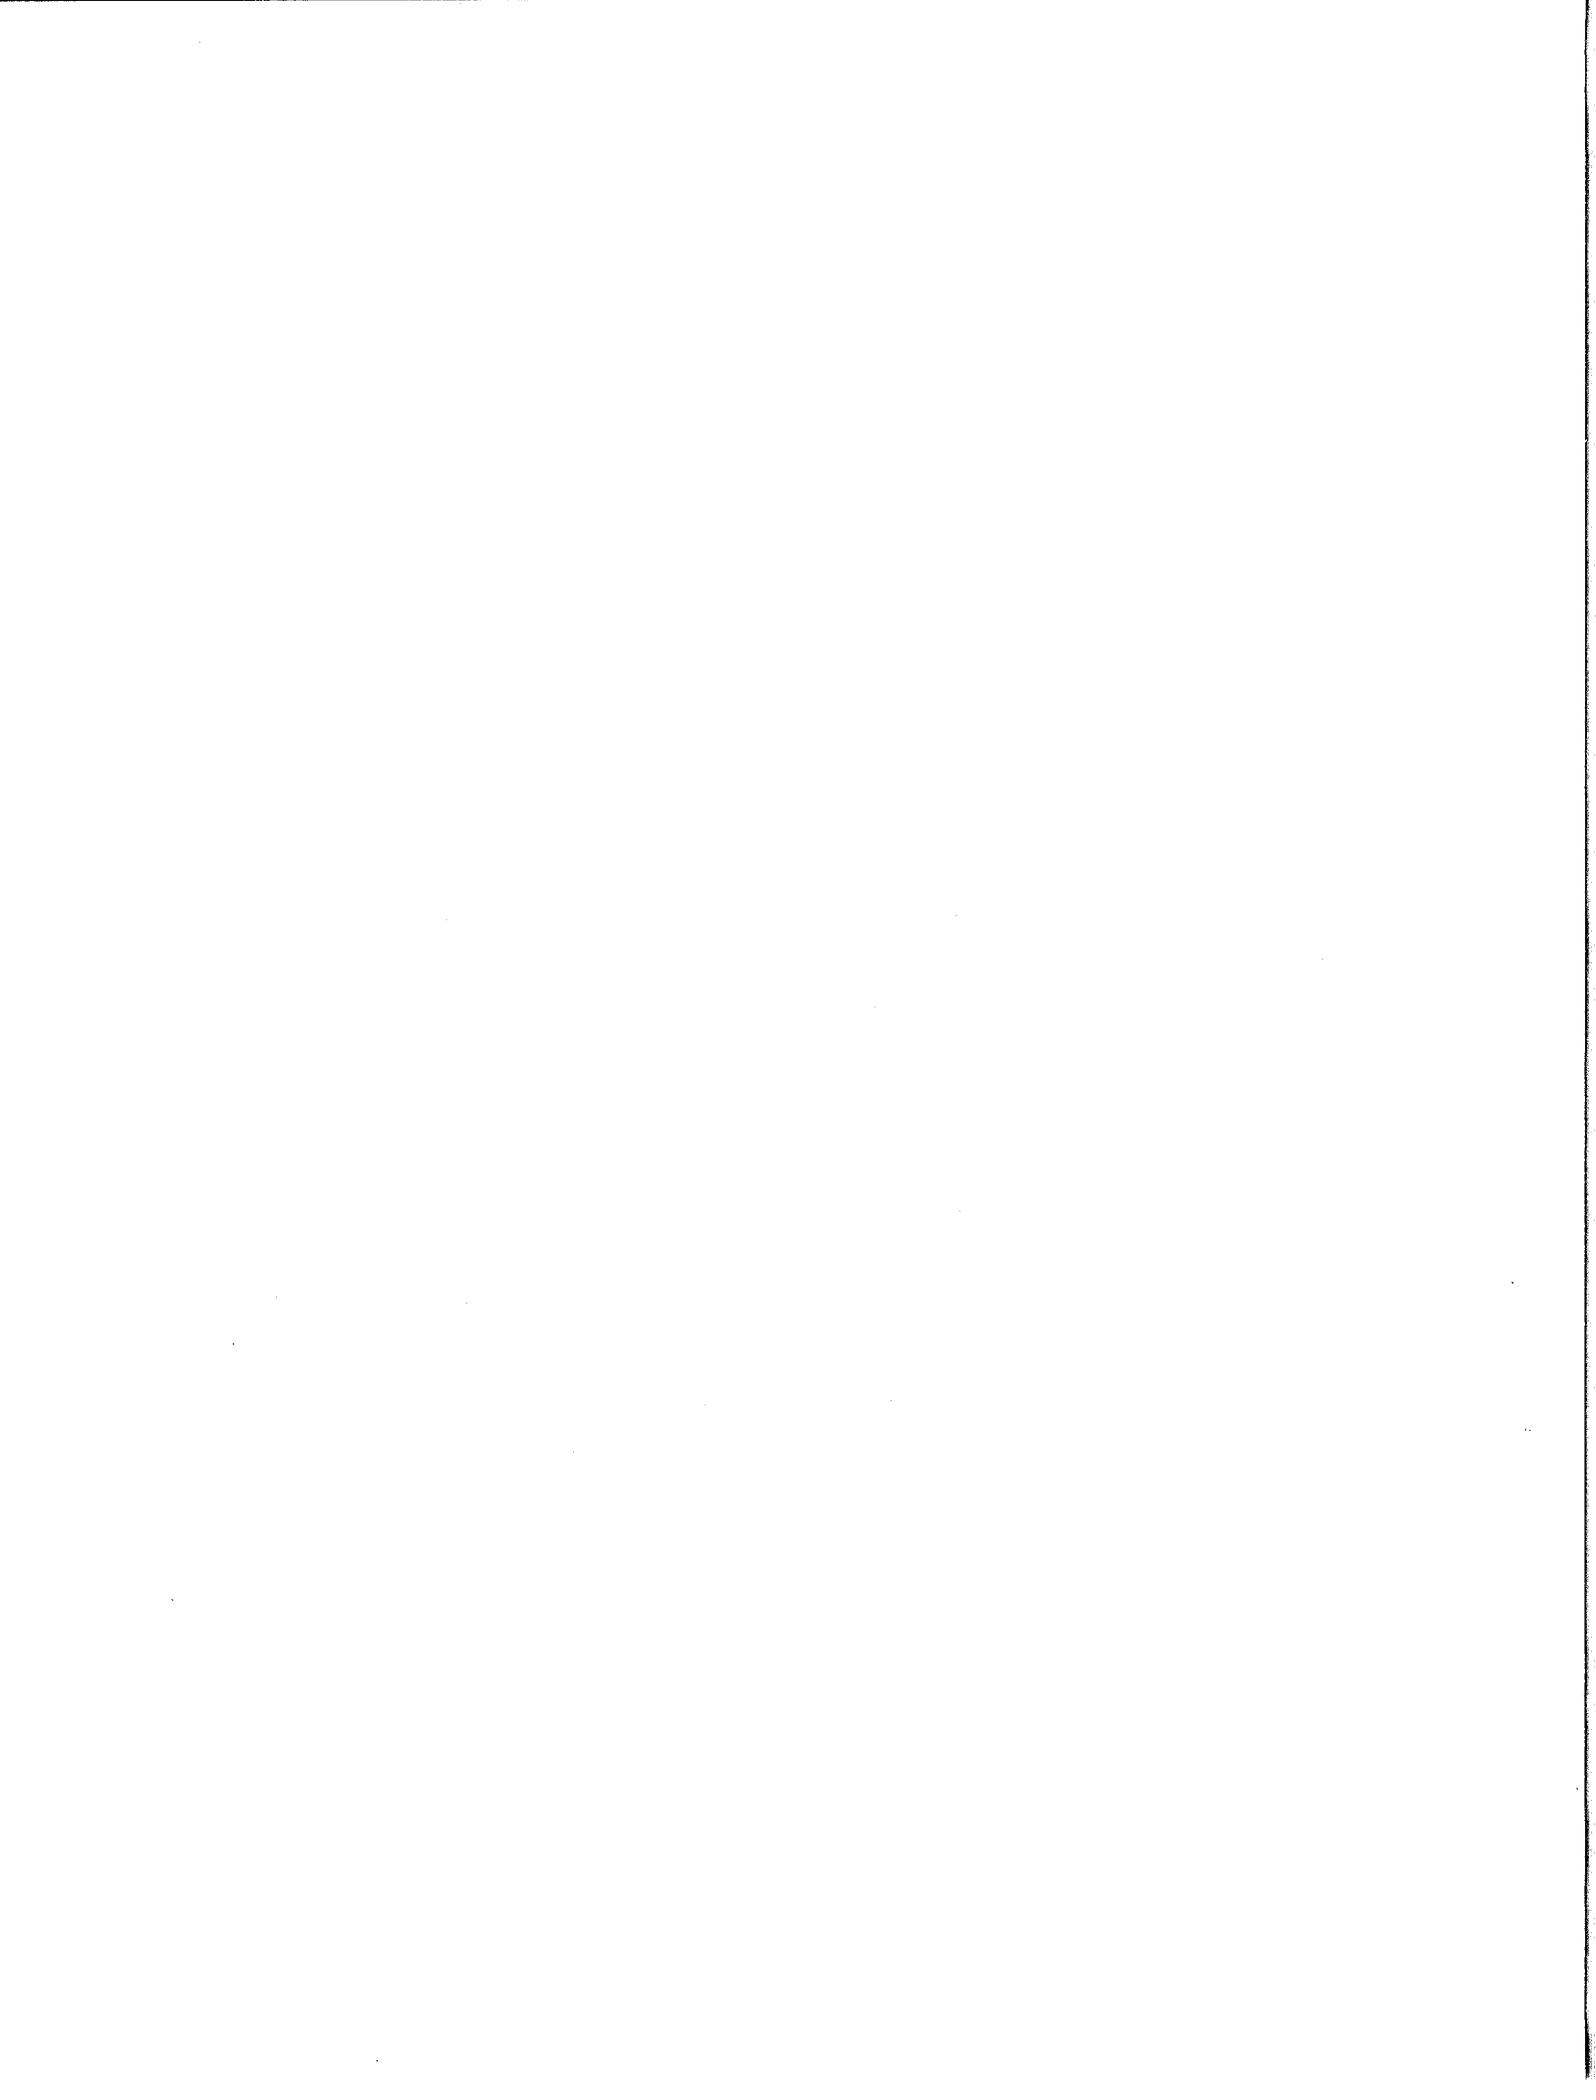

The Province pay \$900,000, on a matching basis, to the organization for capital construction;

An annual gift up to \$100,000, made to the Province, be paid to the organization for annual operating deficiencies, if any;

The Town pay water, sewer, garbage collection, snow removal and street maintenance services during the term of the loan for funds borrowed pursuant to this agreement;

The organization pay the Town the loan payments less the amount of a grant by the Province to the Town in respect of municipal taxes assessed; and

The Province pay the organization the lessor of \$25,000 and the above, except to the extent any excess revenue over expenses of the organization are to be paid to the Town.

AUDITOR'S REPORT

The Chairperson and Directors
Kings Landing Corporation
Prince William, New Brunswick

I have audited the statement of financial position of Kings Landing Corporation as at 31 March 2001 and the statements of operations and changes in net assets for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at 31 March 2001 and the results of its operations and the changes in its net assets for the year then ended in accordance with Canadian generally accepted accounting principles.

**KINGS LANDING CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Summary of significant accounting policies

(a) General comments on operations

Kings Landing Corporation is a provincial Crown agency incorporated by an Act of the New Brunswick Legislature. The Corporation serves the people of New Brunswick and visitors to the province by operating a living historical village as a dynamic, progressive outdoor museum.

(b) Revenue recognition

Kings Landing Corporation follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

(c) Inventories

Inventories are valued at the lower of cost and net realizable value, and comprise the following:

	2001	2000
Emporium	\$ 58,069	\$ 50,680
Less: Provision for obsolescence	(3,300)	(2,200)
	<u>54,769</u>	<u>48,480</u>
Fabrics	15,114	16,057
Food and liquor	14,341	11,122
Other	2,053	6,277
	<u>\$ 86,277</u>	<u>\$ 81,936</u>

(d) The Kings Landing Collection

The Kings Landing Collection is composed of some 70 major historical structures and thousands of individual artifacts from the period between 1780 and 1900. The structures and artifacts are not replaceable as each piece represents a unique aspect of New Brunswick history. In recognition of this, the collection is valued at \$1 and individual pieces purchased by the Corporation are expensed in the year of acquisition. Similarly, costs of maintaining the collection are expensed as incurred. During the year, \$ 61,670 (2000 - \$ 421) was spent on additions to the collection and artifacts worth an estimated \$ 168,505 (2000 - \$ 106,751) were donated.

**KINGS LANDING CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Summary of significant accounting policies - continued

Private contributions to fund these additions amounted to \$72,746 in the year. Of this amount \$61,600 was used during the year to move a historical building to the site. The remaining \$11,146 will be used to fund future costs related to the collection. These contributions and costs are not included in the statement of operations.

Expenditures related to capital improvements of the historical structures are expensed as incurred. The current year historical capital expenditures amounted to \$ 51,055 (2000 - \$ 85,419).

(e) Other capital assets

Purchased or contributed capital assets, except those of a historical nature, are recorded at cost or appraised value where cost is not determinable. Amortization is taken using the fixed percentage on declining balance method. The exception is computer equipment which is amortized on a straight line basis over five years, the estimated useful life of the assets.

Kings Landing Corporation has 91.5 acres of land spread on both sides of the St. John River. Approximately 40 acres are used for site purposes. Because its purpose is to serve as a site for the collection, the land has been recorded at a value of \$1.

Details of capital assets are as follows:

	Amortization Rate	2001	2000
Land		\$ 1	\$ 1
Buildings	5%	2,148,988	2,148,988
Computer hardware	-	10,000	10,000
Equipment	10%	25,964	25,964
Automotive equipment	20%	86,486	86,486
		<u>2,271,439</u>	<u>2,271,439</u>
Less: Accumulated amortization		503,140	403,004
Total capital assets, net		<u>\$1,768,299</u>	<u>\$1,868,435</u>

(f) Contributed services

Volunteers contribute about 8,000 hours per year to assist Kings Landing Corporation in carrying out its activities. Because of the difficulty in determining their fair value, contributed services are not recognized in the financial statements.

**KINGS LANDING CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Summary of significant accounting policies – continued

(g) Deferred contributions related to capital assets

Deferred contributions related to capital assets represent capital assets which are not part of the historical collection and were donated to Kings Landing Corporation. The changes in the deferred contributions balance of the period are as follows:

	2001	2000
Beginning balance	\$1,827,235	\$1,906,668
Add contributed assets	-	25,000
	<u>1,827,235</u>	<u>1,931,668</u>
Less amounts amortized to revenue	98,081	104,433
Ending balance	<u>\$1,729,154</u>	<u>\$1,827,235</u>

2. Income tax status

The Corporation is a registered charitable organization under the Income Tax Act and is able to issue donation receipts for income tax purposes. In order to maintain its status, the Corporation must meet certain requirements within the Act. In the opinion of management, these requirements have been met.

3. Restrictions on net assets

The publications fund was established in 1977 and represents amounts set aside for purposes of publication of approved historical literature. The fund assets represent books held for sale to the public and accounts receivable.

4. Budget

The budget figures, as shown in the statement of operations, have been approved by the Board of Directors of the Corporation. They have not been audited.

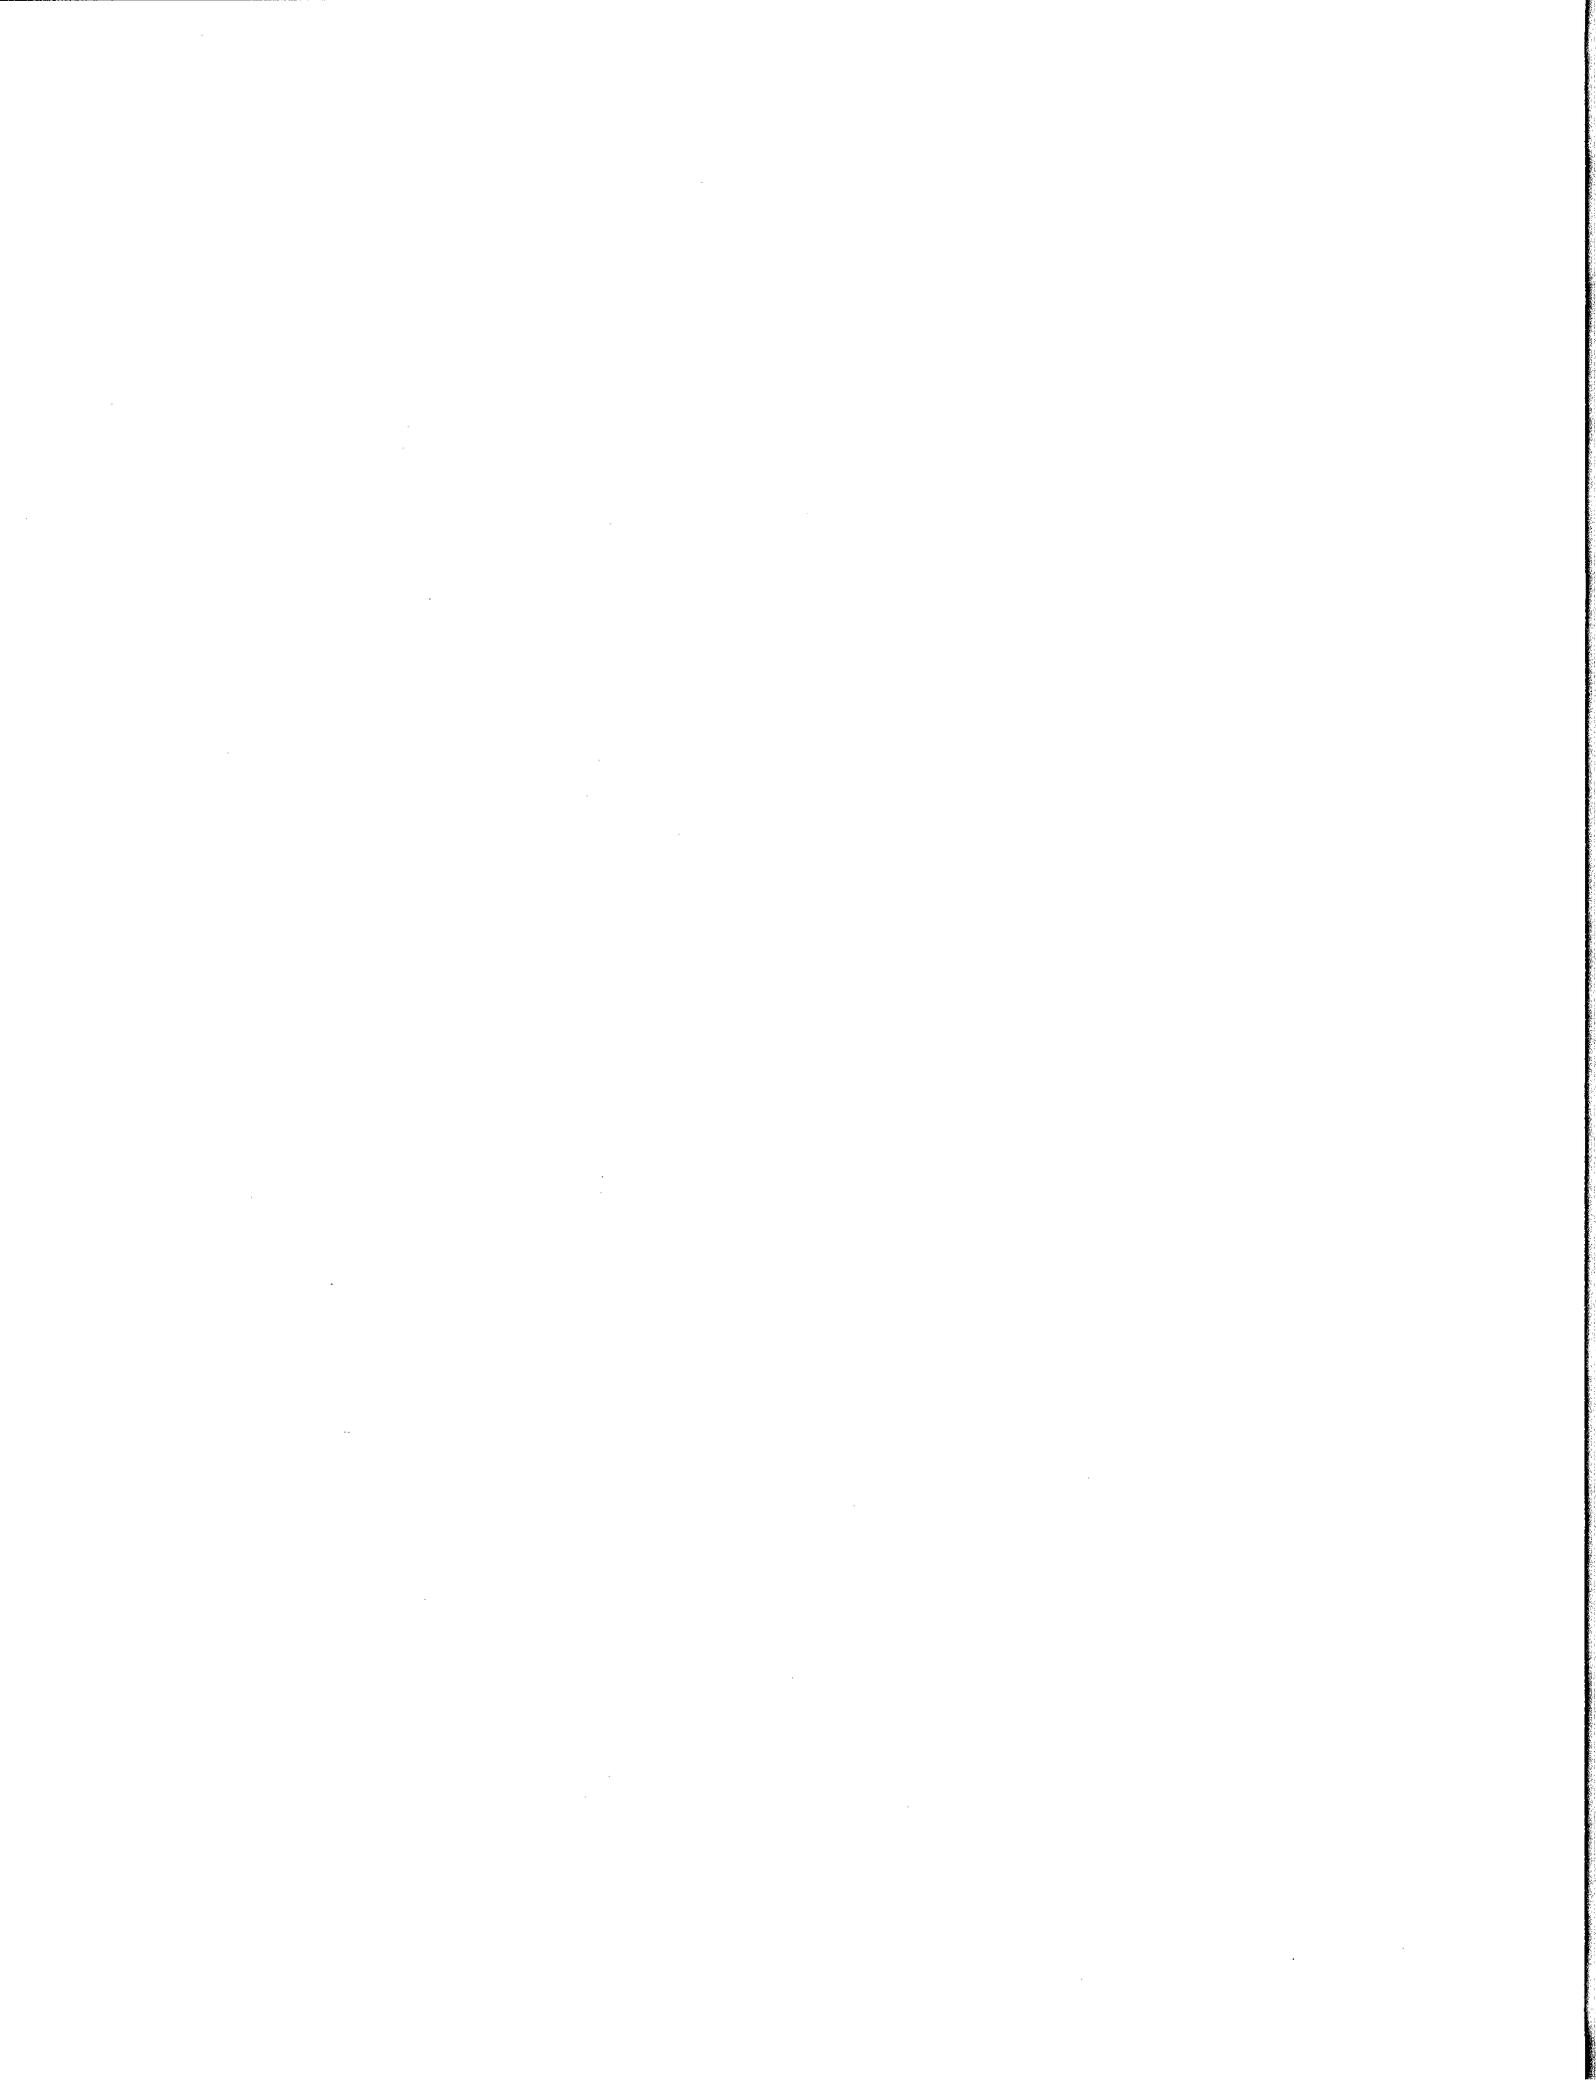

**KINGS LANDING CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

5. Statement of cash flows

This statement was not prepared as the information it would contain was not considered significant.

6. Comparative figures

Certain 2000 comparative figures have been reclassified to conform with the financial statement presentation adopted for 2001.

**LOTTERIES COMMISSION OF NEW BRUNSWICK
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Summary of significant accounting policies

New Brunswick's share of Atlantic Lottery Corporation Inc. profit

The profit of Atlantic Lottery Corporation Inc. is distributed to each of the four Atlantic Provinces or their lottery agencies. The Lotteries Commission of New Brunswick's share for the current year represents the calculated profit of the Atlantic Lottery Corporation in New Brunswick as determined by the Amended and Restated Unanimous Shareholders' Agreement signed August 8, 2000.

Payments to the Province of New Brunswick

The Lotteries Commission of New Brunswick remits the profits it receives from Atlantic Lottery Corporation Inc. to the Province of New Brunswick. Beginning in 1999, Atlantic Lottery Corporation began advancing these funds during the month rather than paying the full amount in the subsequent month.

The profits from certain types of lotteries have been designated as revenue for specific trust funds operated by the Province of New Brunswick. Annual lottery profits designated for the Arts and Sport Development Trust Funds have each been set by the Province at a minimum of seven hundred thousand dollars and five hundred thousand dollars respectively.

The Lotteries Act provides that the First Nations may be paid 95% of all profits received from the Atlantic Lottery Corporation Inc. for the operation of video lottery on reserves having agreements with the Province. Where these agreements are in place the Province also rebates all provincial earnings from the sale of breakopen tickets sold on reserves. As of 31 March 2001, five First Nations have signed agreements involving lottery revenues: Fort Folly, Oromocto, Woodstock, St. Mary's and Burnt Church. The Province has one other signed agreement which is with Madawaska-Maliseet. It does not, however, receive any lottery revenues by way of the agreement.

Investments

The New Brunswick government does not operate any lottery but the Province is a shareholder in Atlantic Lottery Corporation Inc. and in the Interprovincial Lottery Corporation. Atlantic Lottery Corporation Inc. is a jointly-owned corporation of the four Atlantic provinces and is responsible to develop, organize, undertake, conduct and manage lotteries in Atlantic Canada. Atlantic Lottery Corporation Inc. also markets and handles regionally the products of the Interprovincial Lottery Corporation. The Interprovincial Lottery Corporation is a corporation jointly owned by the ten Canadian provinces.

The investments in Atlantic Lottery Corporation Inc. and Interprovincial Lottery Corporation are carried at cost. Net profits of these corporations are distributed annually to the shareholders.

**LOTTERIES COMMISSION OF NEW BRUNSWICK
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

2. Contributed surplus

This amount represents funds paid by the Province of New Brunswick on behalf of the Lotteries Commission of New Brunswick to Atlantic Lottery Corporation Inc. and the Interprovincial Lottery Corporation in exchange for share capital.

3. Other revenue

The Province of New Brunswick requires that charitable/non-profit groups pay a small fee for their licenses for gaming activities such as bingo, raffles etc. Fines issued under the Lotteries Act relating to the video lottery program are also included in this account.

4. Statement of transactions with the Province of New Brunswick

	2001	2000

**NB AGRIEXPORT INC.
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Description of operations

NB Agriexport Inc. was established on 23 May 1996 under the Business Corporations Act of the Province of New Brunswick.

The Corporation is wholly owned by the Province of New Brunswick and has as its mandate: to provide a focal point for the Department of Agriculture, Fisheries and Aquaculture's international market development efforts; to facilitate exporters' access to international markets; and to help exporters manage the risks of international marketing.

It is the intention of government that NB Agriexport Inc. be phased out. This phasing out requires the Corporation to honour current outstanding agreements. The outstanding agreements are in the process of being transferred to the Department of Investment and Exports.

2. Investment

During the 1999/2000 fiscal year, the Corporation purchased 500 Class B, non-voting, preferred shares of Méga-Bleu Inc. for \$500,000. Funding for this investment was provided by the Province of New Brunswick by way of an interest-free working capital advance. This investment has been fully provided for by the Province. The balance at 31 March 2001 stands at \$500,000.

The remaining investment balance represents moneys invested in a project to promote the export of cattle overseas.

3. Contingencies

The Corporation has guaranteed loans of certain companies involved in the export of agricultural products. At 31 March 2001, the contingent liability in respect of these guarantees was \$800,000. Any resulting losses will be borne by the Province of New Brunswick.

4. Statement of cash flows

This statement was not prepared as the information it would contain was not considered significant.

**NB AGRIEXPORT INC.
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

5. Expenses not included in these financial statements

Most of the direct and indirect costs of operating the corporate office are absorbed by the Province of New Brunswick. The administration of the Corporation's affairs is carried out by employees of the Province of New Brunswick under the direction of the Corporation's Board of Directors. All salary costs and most travel expenses associated with these employees are paid by the Province.

6. Comparative figures

Certain 2000 comparative figures have been reclassified to conform with the financial statement presentation adopted for 2001

AUDITOR'S REPORT

To the Chairperson and Directors of the
New Brunswick Credit Union Deposit Insurance Corporation

I have audited the balance sheet of the New Brunswick Credit Union Deposit Insurance Corporation as at 31 December 2000 and the statement of revenue, expenditure and net assets for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at 31 December 2000 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

A handwritten signature in black ink, appearing to read "D. Wilson".

NEW BRUNSWICK CREDIT UNION
DEPOSIT INSURANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

1. Authority and objective

The Corporation is an independent entity created under the provisions of the *Credit Unions Act* proclaimed on 31 January 1994. The mandate of the Corporation is to provide deposit insurance to members of credit unions in New Brunswick. The Corporation may also assist stabilization boards in providing financial assistance to credit unions.

The *Credit Unions Act* provides that the Corporation may levy credit unions for the funds required to carry out its mandate. The Act also provides that costs incurred in relation to the activities of the Corporation shall be assumed by the stabilization boards when they are requested to do so. Finally the Corporation may apply to the Province for loans or guarantees.

The affairs of the Corporation are administered by a Board of Directors of five persons. The Superintendent of credit unions is responsible for the administration of the *Credit Unions Act* and is the Chairperson of the Board. Each stabilization board appoints two representatives to the Board of Directors of the Corporation.

2. Significant accounting policies

(a) Contributions - Administrative expenses

The Corporation receives advances from the stabilization boards to cover its administrative expenses. The Corporation records portions of the advances as revenue when expenses are incurred. An unspent balance of \$14,686 (1999 - \$17,750) is recorded as a liability on the balance sheet.

The Corporation operates as a separate entity within the Credit Unions, Co-operatives and Trust Companies Branch of the Department of Justice. As such the Branch assumes the salary and some overhead costs which relate to the administration of the Corporation. Those costs are reflected in the expenditures of the Branch which are recovered by the Branch directly from credit unions.

NEW BRUNSWICK CREDIT UNION
DEPOSIT INSURANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

2. Significant accounting policies (cont.)

(b) Contributions/Distributions - Deposit insurance fund

Contributions to the deposit insurance fund are recorded as revenue as they become due for payment. The contribution of 1999 represents a transfer to the funds in trust from the two stabilization boards to set up the deposit insurance fund.

When the balance of the deposit insurance fund exceeds the amount required, as calculated by the Corporation, the excess from the trust funds is distributed to the stabilization boards. This distribution is recorded with the expenses of the Corporation.

(c) Accrual for deposit insurance losses

The Corporation accrues expenses for any known or likely losses from specific credit unions, which it expects cannot be paid or assumed by the stabilization board of which the credit union is a member. No such expenditures have been recorded by the Corporation since it began operations in 1994.

(d) Assets held in trust funds

Assets held in trust funds are recorded by the Corporation at the same value as they are recorded on the financial statements of the trust funds. The financial statements of the two trust funds are prepared in accordance with Canadian generally accepted accounting principles.

Investments held in the trust funds are recorded at cost except when a decline in value has occurred that is other than temporary. Premiums and discounts arising at the time of purchase of marketable securities are amortized over the period to maturity.

NEW BRUNSWICK CREDIT UNION
DEPOSIT INSURANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

2. Significant accounting policies (cont.)

(d) Assets held in trust funds (cont.)

Investment revenues from the funds in trust include interest income as well as capital gains and losses on disposition of investments. In accordance with the trust agreements, the Corporation is a beneficiary and records investment revenues in the amount needed to cover its expenses or to increase the balance of the trust funds when required. The two stabilization boards are the beneficiaries of investment revenues which the Corporation does not need to cover its expenses or increase the balance of the funds in trust.

3. Income taxes

The Corporation is subject to income taxes under the Income Tax Act. The provisions of the Act generally exclude assessments contributed to the deposit insurance fund from taxable income.

4. Assets held in trust funds

The trust funds held the following assets at 31 December 2000:

	Book Value	Market Value
Cash	\$ 2,014	\$ 2,014
Interest Receivable	26,584	26,584
Contribution Receivable	5,047	5,047
Government of Canada Bonds	421,383	418,040
Provincial and Municipal Bonds	988,584	997,606
Total - 2000	<u>\$ 1,443,612</u>	<u>\$ 1,449,291</u>
Total - 1999	<u>\$ 1,799,753</u>	<u>\$ 1,772,525</u>

NEW BRUNSWICK CREDIT UNION
DEPOSIT INSURANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

5. Deposit Insurance Fund

Section 223 of the Credit Unions Act requires that the Corporation establish and maintain a deposit insurance fund. The Corporation is required by the Act to maintain the fund in two separate accounts. Each account consists of the amount paid into the fund by one of the stabilization boards together with investment income, less any expenditures charged to the account.

The Corporation has entered into a trust agreement with each stabilization board for the administration and investment of the funds in their respective account. Under the terms of the agreements, each stabilization board will invest the funds in accordance with the investment policy of the Corporation. Each trust fund agreement provides that the Corporation may, at its sole discretion, obtain assets from the trust fund to fulfill the obligations of its statutory purposes.

The two trust fund agreements contain provisions regarding the return of the deposit insurance fund to the two stabilization boards if an amendment to the *Credit Unions Act* is passed to remove the requirement for the deposit insurance fund and the Corporation has been released of all its deposit insurance obligations.

The Net Assets of the Deposit Insurance Fund must be maintained at a level determined annually by a formula approved by the Board of Directors of the Corporation. The formula requires that a risk rating be given to each *caisse populaire* and credit union.

The amount of assets of the trust funds is adjusted annually based on the requirement of the formula. This results in a contribution to the trust funds or a distribution to the stabilization boards.

At 31 December 2000 the balance in the trust fund account administered by the Office de Stabilisation de la Fédération des Caisses Populaires Acadiennes Limitée was \$868,702 (1999 - \$1,24 million). The balance in the trust fund account administered by the Brunswick Credit Union Federation Stabilization Board Limited at the same date was \$447,120 (1999 - \$0.53 million).

NEW BRUNSWICK CREDIT UNION
DEPOSIT INSURANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

6. Deposit protection for credit union members

As described in Note 1 it is the mandate of the Corporation to provide deposit insurance coverage for members of credit unions in New Brunswick. Currently, a maximum basic coverage of \$60,000 is provided for insured deposits of each credit union member.

Separate deposit coverage up to a maximum of \$60,000 each is also provided for joint deposits, trust deposits and deposits held in RRSPs and in RRIFs. The Corporation has established a deposit insurance fund as explained in Note 5.

The current legislation provides for the continued existence of the two stabilization boards which have operated in the province since 1978. Each stabilization board has established a stabilization fund which is available to provide financial assistance to its affiliated credit unions.

As at 31 December 2000, the financial statements of the Office de Stabilisation de la Fédération des Caisses Populaires Acadiennes Limitée reported net assets of \$40.5 million (1999 - \$36.8 million). Of this total, an amount of \$2.1 million (1999 - \$1.8 million) represents investments in caisses populaires for the purpose of stabilization. As at 31 December 2000, the financial statements of the Brunswick Credit Union Federation Stabilization Board Limited reported net assets of \$9.9 million (1999 - \$9.1 million). Each stabilization board is responsible to carry out inspections and monitor the financial condition and business practices of its member credit unions on an ongoing basis.

Both the stabilization boards and the Corporation have responsibilities for the protection of deposits of credit union members.

NEW BRUNSWICK CREDIT UNION
DEPOSIT INSURANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000

7. Related parties

Transactions between the Corporation, the two stabilization funds and the two trust funds are considered related party transactions. Each of the two stabilization boards nominates two directors to sit as directors of the Corporation. Each stabilization board exercises significant influence on the activities of the Corporation.

The calculation of the deposit insurance fund for the year 2000 resulted in an excess of \$454,378 distributed to the two stabilization boards. As at December 31, 2000 a distribution to the Brunswick Credit Union Federation Stabilization Board of \$127,790 was recorded as a liability of the trust funds. The Office de Stabilisation de la Fédération des Caisses Populaires Acadiennes Limitée received its portion of the distribution during the year. Any transfer of assets between the trust funds and the stabilization boards are made at book value including the transfer of marketable securities.

NEW BRUNSWICK CROP INSURANCE COMMISSION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001

1. Description of operations

The Crop Insurance Act, assented to on 10 June 1966, serves as the basis for the establishment of the Commission. Regulation 95-122 under the Act establishes the Commission and sets out its powers and duties.

The Commission is responsible for administering the delivery to producers of a crop insurance plan to provide insurance protection against losses of production. This plan is funded through producer premiums and through contributions from the Province of New Brunswick and the Government of Canada.

All accounting transactions are recorded through the Consolidated Fund of the Province of New Brunswick. Administrative expenses provided by the Province are allocated to the Commission.

2. Crop Insurance Trust Account

The Province of New Brunswick maintains a trust account for the Commission. All cash receipts and disbursements of the Commission are made through this account.

3. Revenue - Province of New Brunswick and Government of Canada

(a) Premium contributions

The contributions of the producer, the Province of New Brunswick and Canada towards the necessary premiums are as follows:

Coverage Level	Producer Share	Province Share	Federal Share
50%	Free	50%	50%
65%	50% of buy up	25% of buy up	25% of buy up
80%	80% of incremental buy up	10% of incremental buy up	10% of incremental buy up

**NEW BRUNSWICK CROP INSURANCE COMMISSION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

3. Revenue - Province of New Brunswick and Government of Canada - continued

(b) Administrative expense contributions

The Province of New Brunswick and Canada each pay 50% of all costs incurred in the administration of the crop insurance program.

(c) Crop Reinsurance Funds

On an annual basis a reinsurance premium based on total crop insurance premiums (8.7% of total premiums in 2001 and 17.5% in 2000) is submitted to each of the Crop Reinsurance Fund of Canada for New Brunswick and the Crop Reinsurance Fund of New Brunswick. Contributions are made by the Funds for a portion of any operating deficits incurred by the Commission on a crop year basis.

Crop Reinsurance Fund of Canada for New Brunswick	2001	2000

**NEW BRUNSWICK HIGHWAY CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. New Brunswick Highway Corporation

The New Brunswick Highway Corporation (NBHC) is a provincial Crown Corporation incorporated by an Act of the New Brunswick Legislature effective 29 March 1995.

NBHC is the signatory for the Province in all agreements relating to the Fredericton-Moncton highway project. As such, NBHC is responsible for monitoring, controlling and administering those agreements to ensure that agreement terms are respected by other signatories and that provincial commitments are met. This includes ensuring that construction of the highway and any required refurbishments are completed as required in those agreements. It also includes ensuring that the ongoing operation, management, and maintenance of the Fredericton-Moncton highway are conducted in accordance with agreement terms.

2. Summary of significant accounting policies

Accrual Accounting

The financial statements are prepared using the accrual basis of accounting whereby revenues and expenditures are allocated to the year in which they are earned or incurred irrespective of the date on which the related cash transactions are effected.

Physical Assets

The cost of acquiring physical assets is expensed in the year of acquisition.

Deferred Revenue

Amounts received but not earned by the end of the fiscal year are recorded as deferred revenue.

Leases

Long term leases, under which the Corporation, as lessee, assumes substantially all the benefits and risks of ownership of leased property, are classified as capital leases. The present value of a capital lease is accounted for as an expenditure and an obligation at the inception of the lease.

3. Fredericton-Moncton Highway

In January 1998, the Province through NBHC entered into agreements with a private sector consortium and the New Brunswick (F-M) Project Company Inc., a not-for-profit company, to develop, design, build, operate, manage, maintain and rehabilitate a four lane toll highway between Longs Creek and Moncton. Effective 1 March 2000, the agreements were amended to eliminate tolling on the highway. It is estimated that total capital costs of the project including construction financing will be \$872 million at the 30 November 2001 full traffic availability date.

**NEW BRUNSWICK HIGHWAY CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

3. Fredericton-Moncton Highway – continued

NBHC will lease land to the New Brunswick (F-M) Project Company Inc. which will own all improvements to these lands, in particular the four lane highway, and sublease the improvements back to NBHC. NBHC is responsible for making the sublease payments to the New Brunswick (F-M) Project Company Inc.

NBHC will also be responsible for making monthly traffic volume payments to the New Brunswick (F-M) Project Company Inc. The traffic volume payments will be used to repay principal and interest on the toll-based debt after 30 November 2001, full traffic availability date. Any amount in excess of that required to repay the debt will be returned to NBHC. Until the full traffic availability date is reached, the traffic volume payments are being accumulated in the tolling reserve account.

4. Accounts receivable

The accounts receivable balance at 31 March 2001 of \$15,977,761 (2000 - \$1,993,550) is comprised of amounts paid by NBHC to the New Brunswick (F-M) Project Company Inc. to establish a tolling reserve fund as required in the agreements with toll-based lenders. A total of \$1,501,255 (2000 - \$938,370) of this amount is comprised of direct payments into the tolling reserve fund as specified in the agreements. The remaining \$14,476,506 (2000 - \$1,055,180) is the total traffic volume payments made since March 2000.

5. Land

By deed dated 21 January 1998, the Province, through the Department of Transportation, transferred approximately seventy percent of the land corridor necessary for the Fredericton-Moncton highway project to NBHC. The remaining thirty percent of the land corridor was transferred to NBHC by deed dated 24 October 2000.

The transfer of land by the Province has been treated as an equity contribution for financial statement purposes and has been recorded at the nominal amount of one dollar.

6. Deferred revenue

The deferred revenue amount of \$1,150,652, (2000 - \$4,511,410) represents payments received from the New Brunswick (F-M) Project Company Inc., for which related Crown completed construction costs had not been incurred by 31 March 2001.

**NEW BRUNSWICK HIGHWAY CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

7. Capital lease obligation

Under the agreements NBHC will be required to make total lease payments to the New Brunswick (F-M) Project Company Inc. of approximately \$1.513 billion, including principal and interest. This amount will be paid through 49 equal semi-annual payments of \$30.9 million, starting in the fiscal year 2003-2004. Additionally, commencing 1 March 2000, NBHC is required to make monthly traffic volume payments to New Brunswick (F-M) Project Company Inc., based upon the usage of the highway.

Due to the elimination of tolls under the 1 March 2000 amendments to the agreements, the payment arrangements are now being accounted for as a capital lease in accordance with the recommendations of the Canadian Institute of Chartered Accountants. Consequently, a capital lease obligation was accrued during the 1999-2000 fiscal year. The net present value of that capital lease obligation at 31 March 2001 was \$871.8 million (2000 - \$872.0 million).

8. Revenue and expenditure

Under the terms of the amended Operation, Management, Maintenance and Rehabilitation Agreement, NBHC is responsible to make scheduled payments for the operation, management, maintenance and rehabilitation of the highway and for costs relating to the traffic volume monitoring system.

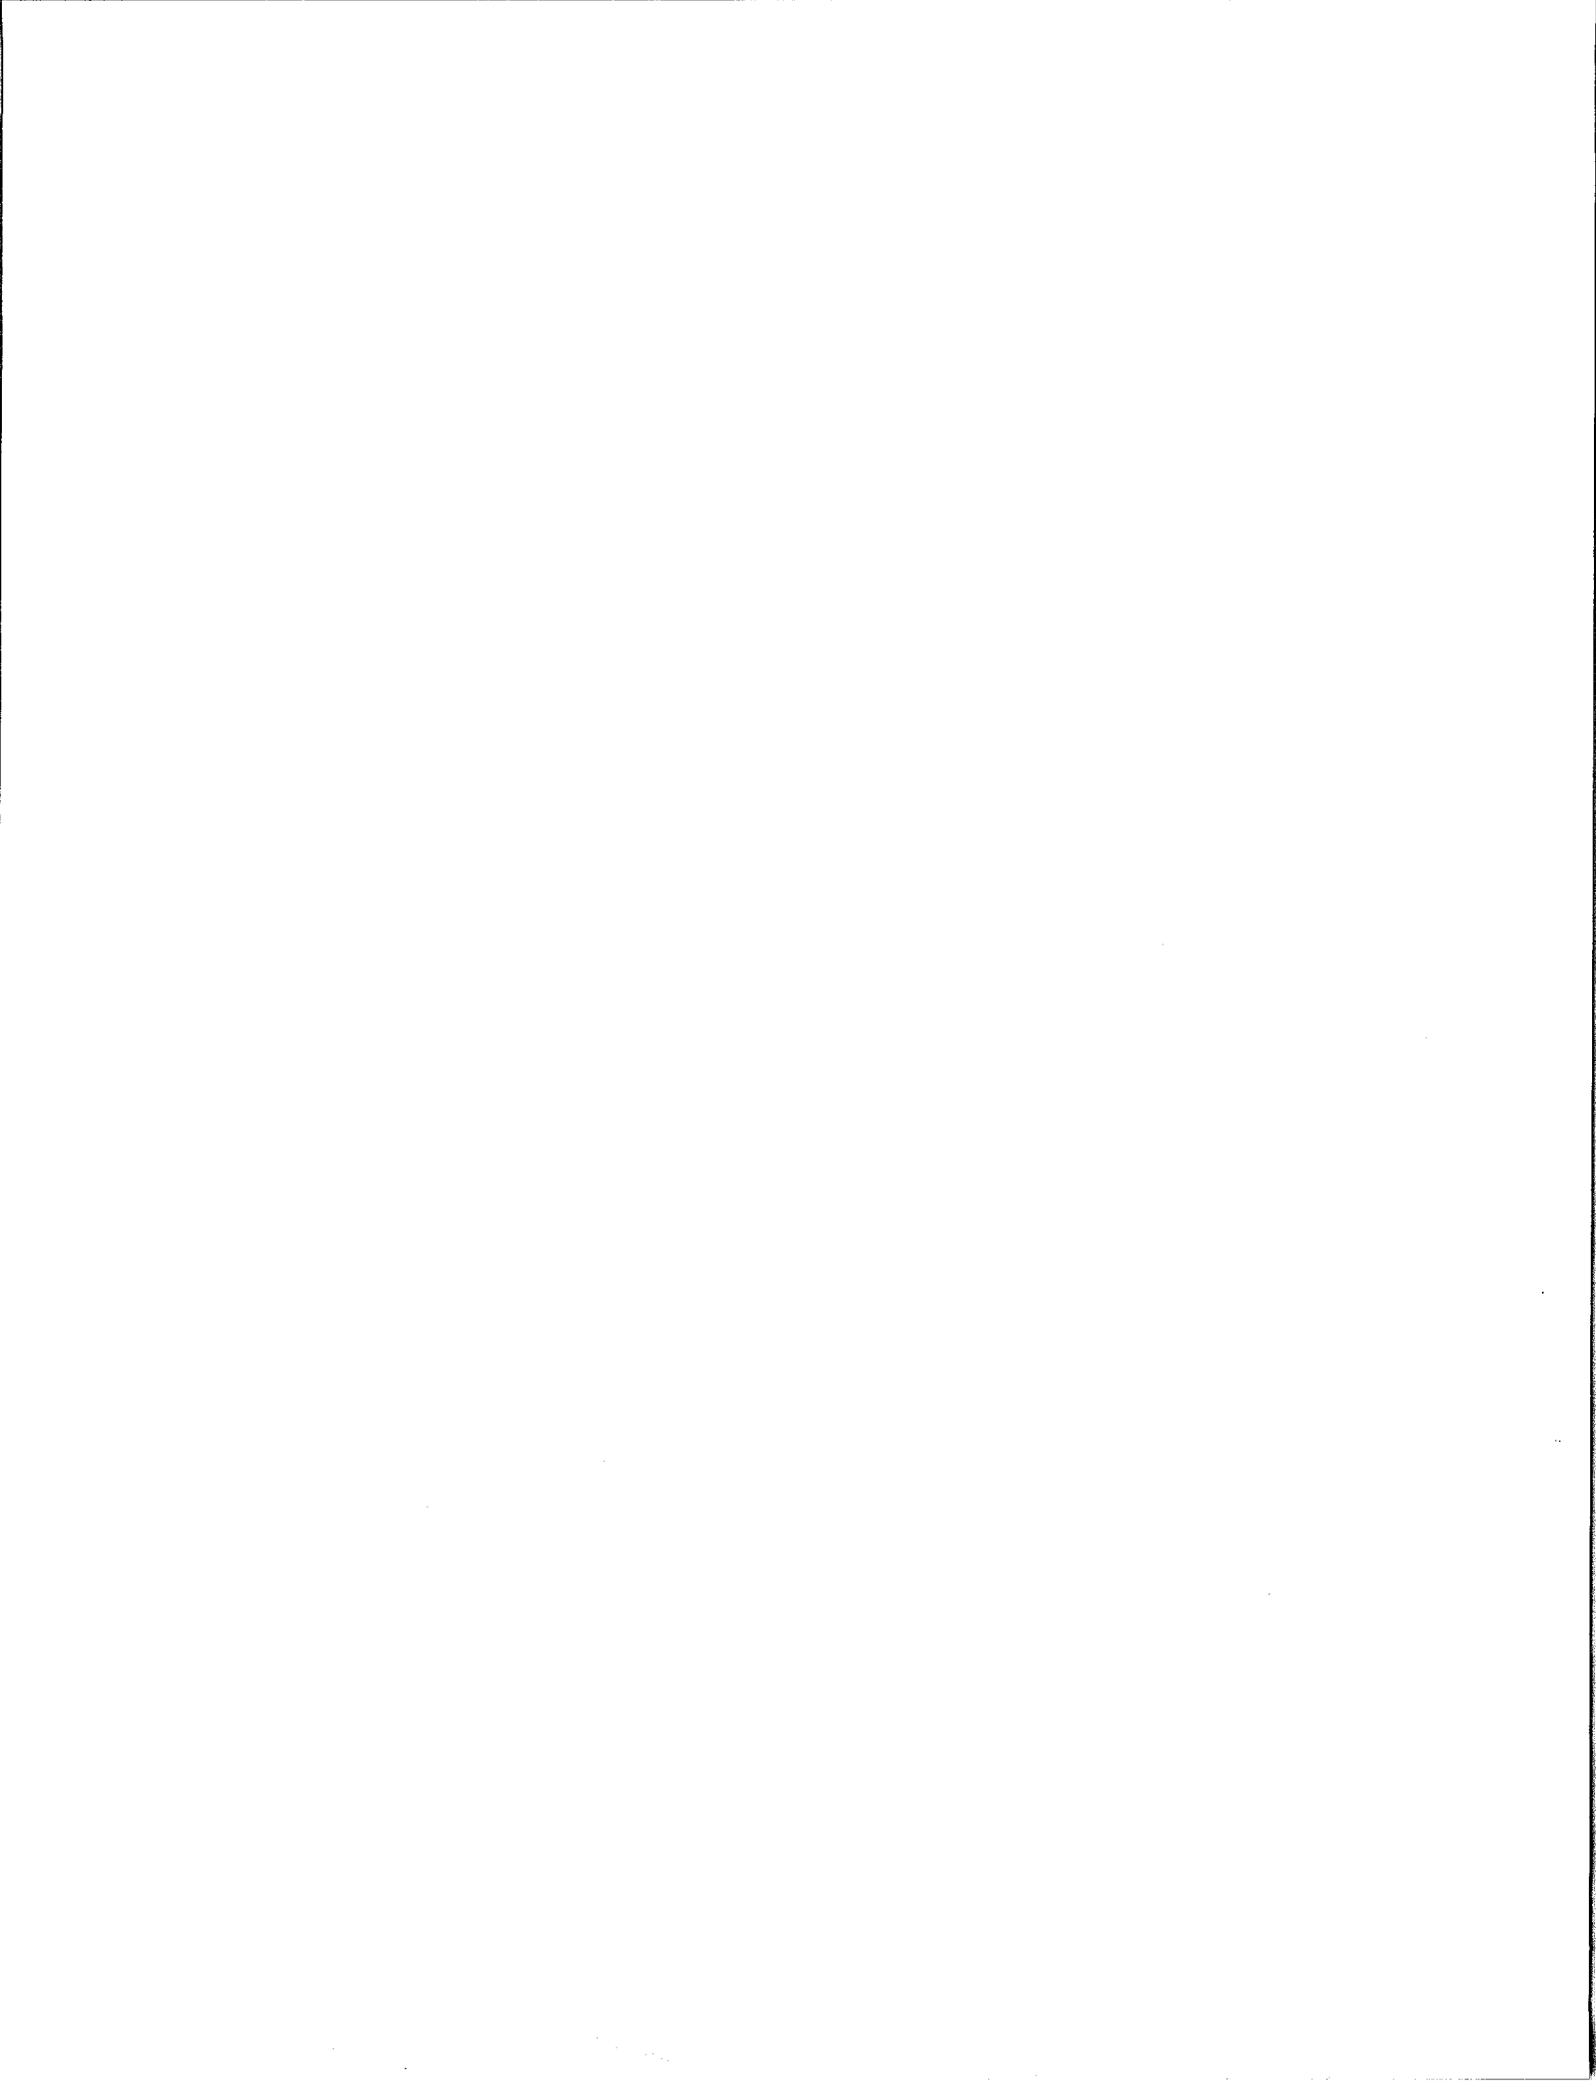

During the year an asset representing Crown completed construction costs of \$4,520,758 (2000 - \$6,811,503) was purchased by NBHC from the Department of Transportation. The asset was then sold at cost to the New Brunswick (F-M) Project Company Inc. These amounts have not been recorded on the Statement of Revenue and Expenditure.

9. Staff resources

The Corporation has no employees. Staff support is provided by the Department of Transportation and the Department of Finance.

10. Statement of cash flows

This statement was not prepared as the information it would contain was not considered to be significant.

Financial Statements

**NEW BRUNSWICK INVESTMENT
MANAGEMENT CORPORATION**

Year ended March 31, 2001

MANAGEMENT RESPONSIBILITIES FOR FINANCIAL REPORTING

The Financial Statements of the New Brunswick Investment Management Corporation are the responsibility of the management of the Corporation. They have been approved by its Board of Directors.

Management prepared the financial statements in accordance with generally accepted accounting principles.

The New Brunswick Investment Management Corporation maintains books of account, systems of information and systems of financial and management control which provide reasonable assurance that accurate financial information is available, that assets are protected and that resources are managed efficiently.

The Board of Directors oversees financial reporting through its Audit Committee. The committee reviews matters related to accounting, auditing, internal control systems, the financial statements and report of the external auditors.

Dan Goguen
Vice-President, Finance and Administration

E. L. MacKinnon
President and Chief Executive Officer

AUDITORS' REPORT TO THE DIRECTORS

We have audited the statement of financial position of New Brunswick Investment Management Corporation as at March 31, 2001 and the statement of revenue and expenses for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at March 31, 2001 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

NEW BRUNSWICK INVESTMENT MANAGEMENT CORPORATION**Notes to Financial Statements**

Year ended March 31, 2001

The Corporation is established pursuant to the New Brunswick Investment Management Corporation Act which was proclaimed on March 11, 1996.

Its legislated mandate is to:

- act as trustee for the Public Service Superannuation Fund, the Teachers' Pension Fund and the Judges' Superannuation Fund ("the Funds");
- provide investment counseling services and other services for certain trust funds;
- promote the development of the financial services industry and capital markets in the Province;
- have regard to investment opportunities in the Province in developing its investment policies, and;
- carry out such other activities or duties as may be authorized or required by the Act or as the Lieutenant-Governor in Council may direct.

1. Significant accounting policies:**(a) Accounting entity:**

The Corporation is an entity separate from the pension funds for which it is trustee. Expenses of the Corporation are fully funded, primarily by the Funds but also from fees for services and through recovery of expenses.

(b) Basis of accounting:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles.

(c) Capital assets:

Capital assets are recorded at cost and amortization is calculated on a straight-line basis using the annual rates shown in note 2.

(d) Revenue recognition:

The Corporation follows the deferral method of accounting for contributions. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis at rates corresponding with amortization rates for the related capital assets.

MANAGEMENT REPORT

The preparation of financial information is an integral part of management's responsibilities, and the accompanying financial statements are the responsibility of the management of the Corporation. This responsibility includes the selection of appropriate accounting policies and making judgements and estimates consistent with Canadian generally accepted accounting principles.

The Corporation maintains an accounting system and related controls to provide management and the Board with reasonable assurance that transactions are executed and recorded as authorized, that assets are properly safeguarded and accounted for, and that financial records are reliable for the preparation of financial statements in accordance with Canadian generally accepted accounting principles.

Financial information presented elsewhere in this annual report is consistent with that in the financial statements.

AUDITORS' REPORT TO THE DIRECTORS

We have audited the balance sheet of the New Brunswick Liquor Corporation as at March 31, 2001 and the statements of income and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at March 31, 2001 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The current year's supplementary information included in the schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

Year ended March 31, 2001

General

This Crown Corporation is incorporated under the New Brunswick Liquor Corporation Act and its primary business activity is the purchase, distribution and sale of alcoholic beverages throughout the Province of New Brunswick.

Summary of Significant Accounting Policies

Inventories

Inventory of goods for resale is valued at cost, which is lower than net realizable value.
Inventory of supplies is valued at cost.

Deferred Pension Costs

Deferred pension costs are being amortized on a straight-line basis over sixteen years.

Property, Plant and Equipment

Property, plant and equipment are stated at cost. Depreciation is provided on the straight-line basis using the following annual rates:

Buildings	2 1/2%
Paving	10%
Refrigeration equipment	10%
Software and services	10%
Retail automation equipment	20%
Furniture, fixtures and equipment	20%
Automotive equipment	20%

Leasehold improvements are depreciated on the straight-line basis over the remaining lease term.

Early Retirement Program

The cost of early retirement programs is charged to employee benefits in the year the obligation can be reasonably estimated.

1. Inventories

	2001	2000
Spirits, wine, other beverages and beer	\$ 13 550 002	\$ 14 414 541
Supplies	111 864	105 800
	<u>\$ 13 661 866</u>	<u>\$ 14 520 341</u>

2. Property, Plant and Equipment

	Cost	Accumulated Depreciation	2001 Net	2000 Net
Land	\$ 209 621		\$ 209 621	\$ 209 621
Paving	443 378	\$ 429 710	13 668	36 911
Buildings	10 368 487	6 425 966	3 942 521	3 900 687
Leasehold improvements	3 807 741	2 610 575	1 197 166	1 132 576

Software and services	2 851 824	831 036	2 020 788	2 110 820
Refrigeration equipment	3 249 912	2 116 370	1 133 542	1 382 147
	<u>\$28 983 746</u>	<u>\$18 867 142</u>	<u>\$10 116 604</u>	<u>\$10 669 563</u>

3. Pension Liability

The employees of the New Brunswick Liquor Corporation belong to the New Brunswick Public Service Superannuation Plan, a multi-employer, defined benefit pension plan.

Pursuant to a 1991 regulation under the Public Service Superannuation Act (NB), the New Brunswick Liquor Corporation was to contribute annually, until such time as the benefits were fully funded, sufficient amounts into the pension trust fund to amortize \$7 900 000 of the pension liability. The liability was subject to interest at 8.16% per year over a twenty-five year amortization period.

Experience gains have been identified through actuarial valuations of the Plan in various years from 1992 to 1999 and these gains are being amortized over the estimated remaining service life of active contributors. As a result of the most recent actuarial valuation it was determined that the Plan is fully funded and no payment to the pension trust was required for the year ended March 31, 2001.

	2001	2000
Pension liability	<u>\$5 896 302</u>	<u>\$6 476 352</u>

4. Commitments

The Corporation leases buildings, premises and equipment under operating leases which expire at various dates between 2002 and 2012. Certain of these operating leases contain renewal options at the end of the initial lease term. The following is a schedule, by years, of future minimum lease payments required under operating leases that have, as of March 31, 2001, initial lease terms in excess of one year:

2002	\$2 526 933
2003	2 273 017
2004	2 082 818
2005	1 843 433
2006	1 566 140
2007 to 2012	<u>4 571 143</u>
	<u><u>\$14 863 484</u></u>

5. Total Sales

Total sales reported include sales to retail customers, licensed establishments, and agency stores. These amounts do not include subsequent resale by licensed establishments and agency stores.

6. Comparative Figures

Certain 2000 comparative figures have been reclassified to conform with the financial statement presentation adopted in 2001.

FINANCIAL STATEMENTS

NEW BRUNSWICK

MUNICIPAL FINANCE CORPORATION

31 DECEMBER 2000

Office of the
Auditor General

Bureau du
vérificateur général

AUDITOR'S REPORT

To the Board of Directors
New Brunswick Municipal Finance Corporation

I have audited the balance sheet of the New Brunswick Municipal Finance Corporation as at 31 December 2000 and the statements of income and retained earnings and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at 31 December 2000 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

A handwritten signature in black ink, appearing to read "Daryl C. Wilson".

**NEW BRUNSWICK MUNICIPAL FINANCE CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 DECEMBER 2000**

1. Summary of significant accounting policies

The Corporation was established under the New Brunswick Municipal Finance Corporation Act which came into force on 1 February 1983. The purpose of the Corporation is to provide financing for municipalities and municipal enterprises through a central borrowing authority.

Loans to municipalities and municipal enterprises and debenture debt are recorded at par value. Any discount or premium arising on the issuance of debenture debt is transferred to the municipality or municipal enterprise, and accounted for in their financial statements.

2. Loans to municipalities and municipal enterprises

- (a) Loans to municipalities and municipal enterprises are made on the security of their debentures due in annual instalments for periods up to a maximum of fifteen years.
- (b) The terms of the loans to municipalities and municipal enterprises are identical to those on the debenture debt outstanding.

Auditors' Report

To the Directors of
The New Brunswick Museum

We have audited the consolidated balance sheet of **The New Brunswick Museum** as at March 31, 2001, and the consolidated statement of financial operations and changes in fund balances for the year then ended. These financial statements are the responsibility of the Museum's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Museum as at March 31, 2001, and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

The comparative figures in these financial statements were reported on by other auditors.

The New Brunswick Museum

Notes to Consolidated Financial Statements

March 31, 2001

1 Nature of organization

The New Brunswick Museum is incorporated under the laws of the Province of New Brunswick. As New Brunswick's provincial museum, it is the principal repository and steward of material that documents or represents the natural and human history of New Brunswick and other related regions. The New Brunswick Museum works in partnership with institutions and communities to collect, preserve, research and interpret material to foster a greater understanding and appreciation of New Brunswick provincially and globally.

The Museum is registered as a charitable organization under the Income Tax Act and, as such, is exempt from income taxes and is able to issue donation receipts for income tax purposes. In order to maintain its status as a registered charity under the Act, the Museum must meet certain requirements within the Act. In the opinion of management, these requirements have been met.

2 Significant accounting policies

(a) Financial statement presentation

In order to ensure observance of the limitations and restrictions placed on the use of resources available to the Museum, the accounts of the Museum are maintained in accordance with the principles of fund accounting. Accordingly, resources are classified for accounting and reporting purposes into separate funds. These funds are held in accordance with the objectives specified by the donors or in accordance with directives issued by the Board of Directors or various funding authorities.

These consolidated financial statements include the accounts of The New Brunswick Museum and the New Brunswick Museum Foundation, Inc.

For financial reporting purposes, the accounts have been classified into the following four groupings.

General Fund

This fund reflects the day-to-day operating transactions of the Museum.

Property & Equipment Fund

This fund reports the assets, liabilities, revenues and expenses related to the Museum's furniture and equipment. The Museum's premises are provided by the Province of New Brunswick.

Furniture and equipment is stated at cost and is amortized on a straight-line basis over the estimated useful life of the assets as follows:

Computer equipment	33%
Vehicles and equipment	20%
Furniture	10%

The New Brunswick Museum

Notes to Consolidated Financial Statements

March 31, 2001

Restricted Fund

This fund includes amounts received by the Museum which are designated to be for certain restricted activities. Such restricted activities include the following:

Grants – Amounts received from various governments and private agencies to finance specific projects.

Department of Canadian Heritage – Amounts received from the Federal Museum's Assistance Program which provides financial assistance for specific projects that foster access by present and future generations of Canadians to their human, natural, artistic and scientific heritage.

Bequests and donations – Amounts received from sources which place specific restrictions on their use.

Internally restricted fund – Amounts restricted by the Board for exhibitions and gallery upgrades. This also includes funds received from activities of the staff in the curatorial departments to assist in financing specific project expenditures.

Endowment Fund

This fund includes amounts held for the long-term benefit of the Museum.

Webster Foundation – Contributions from the Webster Foundation are applied towards certain humanities programs under the General Fund.

(b) Investments

Investments purchased by the Museum are valued at cost, and investments donated to the Museum are valued at fair market value at the date of receipt. Investment income is recognized as earned.

(c) Inventory

Inventory consisting of publications and items held for resale is valued at the lower of cost and net realizable value determined on a first-in, first-out basis.

(d) Collections and accessions

Collections and accessions are recorded at a nominal value. Additions to the collections are expensed in the year of acquisition.

The collections of the Museum comprise a wide range of subject matter from the humanities and natural science, which are relevant to New Brunswick and have been continually acquired since the institution's foundation in 1842. The humanities holdings, numbering about 100,000 artifacts, include history and technology artifacts, fine and decorative arts and archival material. The natural science holdings,

The New Brunswick Museum

Notes to Consolidated Financial Statements

March 31, 2001

numbering about 300,000 specimens or specimen lots, include botanical, palaeontology and zoological collections.

(e) Contributed Services

Volunteers contributed approximately 3,023 hours to assist the Museum in carrying out its service delivery activities.

3 Investments

Investments comprise the following:

	2001		2000	
	Cost \$	Market Value \$	Cost \$	Market Value \$
Short-term investments				
GIC's	17,000	17,000	5,000	5,000

AUDITORS' REPORT

The Honourable Marilyn Trenholme Counsell, MD
Lieutenant-Governor of New Brunswick
Fredericton, New Brunswick

Madam:

We have audited the consolidated balance sheet of New Brunswick Power Corporation as at March 31, 2001 and the consolidated statements of income and retained earnings and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at March 31, 2001 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
Year ended March 31, 2001
(in millions)

1. SIGNIFICANT ACCOUNTING POLICIES

The New Brunswick Power Corporation ("the Corporation"), established in 1920 as a Crown Corporation of the Province of New Brunswick by enactment of the New Brunswick Electric Power Act, has a corporate mission to provide for the continuous supply of energy adequate for the needs and future development of the Province and to promote economy and efficiency in the generation, distribution, supply, sale and use of power.

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles, applied on a basis consistent with that of the preceding year. The financial statements include the accounts of the Corporation and those of its wholly owned subsidiary, N.B. Coal Limited (N.B.Coal).

a. Regulation

The Corporation is regulated under a price cap system. Annual average rate increases greater than three percent, or the Consumer Price Index, whichever is higher, require regulatory review and approval by the Board of Commissioners of Public Utilities of the Province of New Brunswick (Public Utilities Board). The Corporation must also apply to the Public Utilities Board before making any expenditure greater than \$75 million in relation to upgrading, maintaining or decommissioning of a generating facility.

b. Property, plant and equipment

The cost of additions to property, plant and equipment is the original cost of contracted services, direct labour and material, interest on funds used during construction and indirect charges for administration and other expenses, less credits for the value of power generated during commissioning.

Interest during construction is capitalized monthly based on the cost of long-term borrowings. When significant assets are taken out of service for extended periods of time for refurbishment, interest during construction is charged based on the net book value of the asset concerned.

Contributions in aid of construction which include amounts received from customers as well as research and development grants in respect of new facilities, are netted against the cost of related assets. Amounts received from customers are being amortized over the estimated service lives of the related assets.

The cost of distribution assets retired, net of dismantlement and salvage, is charged to accumulated amortization. For all other property, plant and equipment disposed of, the cost and accumulated amortization is written out of the accounts with the gain or loss on disposal being reflected in income.

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
Year ended March 31, 2001
(in millions)

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

b. Property, plant and equipment (continued)

Amortization is provided for all assets sufficient to amortize the cost of such assets, less estimated salvage value over their estimated service lives. The estimated service lives of fixed assets are periodically reviewed and any changes are applied prospectively. Amortization is suspended when significant assets are taken out of service for extended periods for refurbishment. Amortization is provided on certain mining equipment on an increasing charge basis, the amortization amount being based on the amount of related debt retirement required during the year. All other assets are amortized on a straight-line basis. Amortization is provided on the net cost of property, plant and equipment in respect of which grants have been provided.

The main categories of property, plant and equipment have been amortized based on the following estimated service lives:

Assets	Years
Hydro Generating Stations	70
Thermal Generating Stations	35
Nuclear Generating Station	25
Combustion Turbine Generating Stations	25
Terminals and Substations	40
Transmission System	35 to 55
Distribution System	10 to 35
Buildings	
- General	40
- Head Office	50
Communications and Computer Systems	3 to 15
Mining Equipment	20 to 35
Motor Vehicles	4 to 10

c. Cash and short term investments

Cash and short term investments consist of balances with banks and investments in money market instruments which mature within three months from date of acquisition.

d. Inventories

Inventories of materials and supplies, and fuel, other than nuclear fuel, are valued at average cost. Nuclear fuel is valued at cost using the first-in, first-out method.

e. Deferred debt costs

The Corporation amortizes debenture discounts and premiums, the expenses of issues, and the deferred interest over the lives of the issues to which they pertain.

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
Year ended March 31, 2001
(in millions)

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

f. Foreign exchange transactions

Monetary assets and liabilities denominated in foreign currencies are translated to Canadian (Cdn) dollars at rates of exchange prevailing at the balance sheet date except where such items have been hedged by the acquisition of a forward exchange contract, in which case the rate established by the terms of the contract is used in the translation. Unrealized losses or gains arising on translation of long-term items are amortized to income on a straight-line basis over the remaining life of the related monetary assets or liabilities, except that amounts associated with the financing of major construction projects still in progress are deferred until the project is completed before being amortized over the then remaining life of the related monetary liabilities. The unamortized balance of the deferred exchange gains or losses is accumulated in an unrealized foreign exchange account which is shown on the balance sheet under deferred charges.

Exchange gains or losses resulting from transactions affecting current operations are reflected in income.

g. Financial instruments

Long-term debt

Long-term debt is recorded on the balance sheet at cost. The estimated fair value of long-term debt is disclosed in the notes to the financial statements using market values or estimates of market values based on debt with similar terms and maturities. The fair value estimated does not include costs that would be incurred to exchange or settle the debt.

Derivative financial products

The Corporation enters into forward exchange contracts to manage exchange risk related to interest obligations on US denominated long-term debt. The Corporation also enters into interest rate agreements to reduce exposure to changes in interest rates on planned refinancing of debt. The Corporation also enters into oil swap agreements to reduce exposure to changes in the cost of heavy fuel oil used in the operations of its generating stations.

h. Revenue

Billings to residential and general service customers are rendered monthly on a cyclical basis. All other customers are billed at the end of each month. Revenue in respect of items not billed at the end of a fiscal period is estimated and accrued.

i. Irradiated fuel management and plant decommissioning

In order to provide for the estimated future costs of permanently disposing of irradiated nuclear fuel and decommissioning the nuclear generating station to return the site to a state of unrestricted use, the Corporation annually charges income with amounts calculated to be adequate, when accumulated with interest, to cover the total costs of

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
Year ended March 31, 2001
(in millions)

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

i. Irradiated fuel management and plant decommissioning (continued)

these future activities as they occur. The calculations of the anticipated future costs are based on detailed studies which take into account various assumptions regarding the method and timing of dismantlement of the nuclear facility, the cost of transportation of nuclear material to permanent disposal facilities, and estimates of interest and inflation rates in the future. With respect to irradiated nuclear fuel, the annual charge is related to the amount of nuclear fuel consumed in each year while decommissioning requirements are charged on a straight-line basis over the life of the station.

The Corporation is also providing, through an annual charge to income, for the estimated future costs of decommissioning its thermal generating stations. The amount of the charge, when accumulated with interest, is intended to cover the total costs of decommissioning activities as they occur.

The annual charges to income each year to cover the costs of these future activities are accumulated in a deferred liability account, together with interest, compounded annually, on the total amounts collected. Interest is calculated at the Corporation's long-term borrowing rate and is charged to income annually.

Expenditures incurred on a current basis relating to irradiated fuel management and plant decommissioning are charged against the deferred liability account.

In view of potential developments in the technology of decommissioning and irradiated fuel management, and because of the various assumptions and estimates inherent in the calculations, the Corporation reviews such calculations periodically, making adjustments as necessary on a prospective basis.

j. Pension plans

Corporation employees belong to the Province of New Brunswick Public Service Superannuation Plan. This multi-employer plan provides pensions based on length of service and the average of the highest five consecutive years of earnings. The Corporation and its employees make contributions to the plan as prescribed in the Public Service Superannuation Act and its regulations. N.B. Coal maintains a private contributory defined benefit pension plan for its employees.

Under both plans, pension costs are actuarially determined using the projected benefit method, pro-rated on services and management's best estimate assumptions. Experience gains or losses in excess of 10% of the greater of the pension assets and pension obligations are amortized over the expected average remaining service life of the employee group. The fair market value of the plan assets less the accrued benefit obligation as determined at April 1, 2000, is amortized over the average remaining service life of the employee group.

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended March 31, 2001

(in millions)

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

k. Retiring allowance

The Corporation has a retiring allowance program for employees that provides a lump-sum payment equal to one week of pay for each full year of employment to a maximum of 26 weeks of pay. The actuarial present value of accrued retiring allowance obligations for past service is amortized on a straight line basis over the expected average remaining service life of the employee group.

l. Early retirement programs

The total cost of such programs is charged to income in the year the program is initiated, irrespective of when payments are actually made.

m. Use of estimates

General

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from the estimates.

Decommissioning and irradiated fuel management costs and amortization of nuclear generating station

As indicated in note 1(i), the Corporation annually charges income with amounts calculated to be adequate, when accumulated with interest, to cover the total costs of permanently disposing of irradiated nuclear fuel and for decommissioning the nuclear generating station to return the site to a state of unrestricted use. Because of the various assumptions and estimates inherent in the calculations, the Corporation periodically reviews these estimates and adjusts them on a prospective basis if necessary.

During the year the Corporation completed reviews of its estimates for the costs of permanently disposing of irradiated nuclear fuel and decommissioning the nuclear generating station. The reviews considered the impacts on the estimates of changes in costs, interest rates and inflation rates.

The annual charges for irradiated nuclear fuel disposal and decommissioning costs are further impacted by the timing of the end of the generating station service life and the consequent timing of decommissioning. The current year reviews did not consider any changes in these factors beyond the last reviews completed in 1996.

The reviews done in 1996 reflected a generating station service life of 2014. However, in the year ended March 31, 1999, the service life of the Point Lepreau generating station, for amortization purposes, was changed to 2008.

Currently the Corporation is investigating the feasibility of refurbishing the nuclear generating station to extend its service life beyond 2008. In early 2002, the Corporation's Board of Directors will make a decision on whether or not to refurbish the station which will impact the estimates for irradiated fuel management and decommissioning costs, and

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
Year ended March 31, 2001
(in millions)

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

m. Use of estimates (continued)

amortization. If a decision is made to refurbish the nuclear generating station and extend its service life, the annual charges for irradiated fuel management and decommissioning will increase from their current level by \$3 million and the annual charge for amortization will decrease by \$23 million. If a decision is made not to refurbish the plant, the annual charges for irradiated fuel management and decommissioning will increase by \$13 million and the annual charge for amortization will remain unchanged from current levels.

In view of the uncertainty relating to the decision on refurbishment that will determine the estimated service life for the nuclear generating station, the Corporation's financial statements continue to reflect the 1996 reviews for purposes of calculating the annual charge for irradiated fuel management and decommissioning. Accordingly, when the refurbishment decision is made in 2002, it is reasonably possible that the annual charges to income for irradiated fuel management and decommissioning of the nuclear generating station and its amortization will differ, and could differ materially, from the estimated amounts provided in these financial statements.

2. CHANGE IN ACCOUNTING POLICY

Effective April 1, 2000 the Corporation prospectively adopted the Canadian Institute of Chartered Accountants (CICA) new recommendations for employee future benefits. These new rules specify the accounting standards for pension costs and non-pension future employee benefits. The impact of the change was not material.

3. SALES

- a) Power sales to the Province of New Brunswick and other government owned organizations are recorded at normal commercial rates.
- b) Out-of-province sales of power include \$234 million (2000 - \$223 million) to utilities in the United States.

4. AMORTIZATION AND DECOMMISSIONING

	2001	2000
Amortization expense	\$ 202	\$ 188
Charges for decommissioning	<u>3</u>	<u>2</u>

Less: accumulated amortization	<u>77</u>	<u>61</u>
	<u>\$ 172</u>	<u>\$ 106</u>

9. DEFERRED PENSION BENEFIT

Corporation employees belong to the Province of New Brunswick Public Service Superannuation Plan (Public Service Plan) as described in Note 1j. Actuarial valuations are prepared periodically to determine the costs of the pension benefits and the appropriate amounts of contributions to the fund. The latest actuarial valuation done on the Public Service Plan was April 1, 2000.

The actuarial method used incorporates management's or the plan owner's best estimate assumptions to determine the present value of accrued pension benefit obligations based on projections of salaries and wages to normal retirement dates. The pension calculations were completed using a discount rate of 6.5% on the obligation and a rate of return of 7.5% on assets. Salary increases are assumed to be 2.5%.

The status of the costs and obligations of the Corporation's share of the Public Service Plan and N.B. Coal's private plan as at March 31, 2001 was as follows:

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
Year ended March 31, 2001
(in millions)

9. DEFERRED PENSION BENEFIT (continued)

	2001	2000
Pension fund assets (market value)	\$ 664	\$ 654
Accrued pension obligations	\$ 653	\$ 554
Pension surplus	\$ 11	\$ 100
Cost of benefits for the year	\$ 10	\$ 8
Interest cost on accrued benefits	41	44
Interest on pension fund assets	(53)	(45)
Amortization of transitional surplus	(4)	(1)
Amortization of gains/losses	-	(3)
Pension expense	\$ (6)	\$ 3

Employees contributed \$9 million (2000 - \$8 million) and the Corporation contributed \$8 million to the plan (2000 - \$8 million) during the year. Benefit payments from the plan to retirees were \$25 million (2000 - \$23 million). Total contributions to date in excess of pension expense, in the amount of \$52 million (2000 - \$38 million) have been set up as an asset under deferred charges.

10. RETIRING ALLOWANCE LIABILITY

The Corporation has a retiring allowance program for employees as described in Note 1k. Actuarial calculations are prepared to determine the amount of the Corporation's obligations for retiring allowances. The actuarial method used incorporates management's best estimate assumptions to determine the present value of the accrued retiring allowance obligation based on projections of salaries and wages to normal retirement dates. The interest rate used in the calculation of this obligation was 6.5% and the assumed rate of salary escalation was 2.5%. The latest actuarial calculation was done as at April 1, 2000.

The retiring allowance obligation as at March 31, 2001 is \$22 million (2000 - \$25 million). The retiring allowance expense for the year ended March 31, 2001 was \$4 million (2000 - \$4 million). The cumulative amount expensed in excess of amounts paid out under the retirement allowance program has been set up as a liability under deferred liabilities.

11. LONG-TERM DEBT (continued)

Long-term debt payments

Long-term debt maturities and sinking fund requirements in respect of debt outstanding at March 31, 2001 are as follows for the five years ending March 31, 2006:

	Debt maturities and sinking fund obligations (in millions)
Year ending March 31, 2002	245
Year ending March 31, 2003	620
Year ending March 31, 2004	109
Year ending March 31, 2005	22
Year ending March 31, 2006	195

Exchange rates in effect at March 31, 2001 are used for debt denominated in foreign currencies.

Sinking funds

The Minister of Finance of the Province of New Brunswick, as Trustee for the Corporation, maintains a sinking fund for all debenture issues where required. Sinking fund earnings are reflected in the Corporation's income. Corporation debentures held in the fund are cancelled at maturity or on the debenture call date. Sinking fund investments are deducted from long-term debt except where the legally enforceable right to offset does not exist. The amount not offset and reclassified as investments is immaterial (2000 - \$17 million).

Guarantee fee

The Corporation pays an annual guarantee fee to the Province of New Brunswick, amounting to 0.6489% of the total, as at the previous year end, of long-term debt guaranteed by the Province, debentures held by the Province and short-term indebtedness to the Province, less the balance held in sinking funds.

12. SHORT-TERM INDEBTEDNESS

The Corporation borrows funds for temporary purposes from the Province of New Brunswick. The short-term borrowings from the Province of New Brunswick are \$102 million at March 31, 2001 (2000 - \$176 million).

The Corporation may also borrow from banks from time to time. Such borrowings are payable on demand. The Corporation has bank lines of credit, guaranteed by the Province of New Brunswick, for short-term borrowings totaling \$104 million.

N.B. Coal has bank lines of credit which are secured by a general assignment of book debts.

16. FINANCIAL INSTRUMENTS

Foreign exchange risk management

At March 31, 2001, the Corporation had outstanding forward exchange contracts representing a net commitment to purchase US\$ 124 million (2000 - US\$ 105 million). The weighted average rate of exchange protected by these contracts is Cdn \$1.5161.

The fair value of forward exchange contracts as at March 31, 2001 is \$196 million (2000 - \$151 million). If the contracts had been closed out at March 31, 2001, the gain would have been \$8 million (2000 - \$1 million loss).

Fuel price risk management

At March 31, 2001, the Corporation had outstanding oil swap contracts totaling \$62 million (2000 - \$20 million) maturing over the next year. The fair market value of the fuel price swap agreements as at March 31, 2001 is \$58 million (2000 - \$24 million).

Under the agreements, the Corporation exchanges monthly payments based on the differential between a fixed price and a monthly cumulative floating price for the associated fuel. The differential to be paid or received is reflected in the cost of fuel.

If the outstanding swap contracts for which gains or losses accrue to the Corporation had been closed out at March 31, 2001, the loss would have been \$4 million (2000 - \$4 million gain).

Interest rate risk management

The Corporation has entered into interest rate swap agreements with effective dates of March 15, 2001 to November 15, 2002 and termination dates from June 15, 2011 to February 17, 2013. These agreements have a notional principal amount of \$450 million. The Corporation will pay a weighted average fixed rate of 6.555%. If the agreements had been closed out at March 31, 2001, the loss would have been \$17 million (2000 - immaterial).

Fair value of debt and sinking funds

The estimated fair value of long-term debt as at March 31, 2001 is \$3,620 million compared to a book value of \$3,195 million (2000 - \$3,448 million compared to \$3,141 million). The estimated fair value of all sinking funds as at March 31, 2001 is \$346 million compared to a book value of \$326 million (2000 - \$362 million compared to \$346 million).

Credit risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The Corporation conducts a thorough assessment of debtors prior to granting credit and actively monitors the financial health of its debtors on an on-going basis. The accounts receivable, net of applicable reserves approximates fair market value.

NEW BRUNSWICK POWER CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

17. COMMITMENTS

Belledune Wharf

The Corporation has entered into a twenty year operating lease, expiring in 2013, with a twenty year renewal option for the port facility at Belledune. This lease provides for annual charges of approximately \$4.5 million.

Courtenay Bay Generating Station

The Corporation has entered into a twenty year site lease agreement, expiring in 2021, with a five year option to extend, for lease of the existing site infrastructure to a third party to re-power an existing 100 MW unit to a 280 MW combined cycle natural gas unit.

The Corporation has also entered into a related twenty year power purchase and transmission access agreement, expiring in 2021, with a five year option to extend with the same third party. The Corporation will purchase all the electrical energy produced by the re-powered 280 MW combined cycle natural gas unit during the winter period, November 1 to March 31, and from time to time, some or all of the electrical energy produced during the summer period.

Gas Transportation Agreement

The Corporation has entered into a fifteen year agreement, expiring in 2015, for firm natural gas transportation service to the re-powered Courtenay Bay Generating Station. The cost of transportation will be recovered from the tenant referred to in the lease of the generating station.

Fuel Supply to Dalhousie Generating Station

The Corporation has entered into a twenty year agreement to purchase orimulsion fuel for the Dalhousie generating station from 1990, continuing year to year thereafter unless terminated by either party.

18. CONTINGENCY

N.B. Coal has an ongoing environmental responsibility to treat acidic water drainage from an inactive mine. Ongoing cost of treatment is approximately \$0.5 million per year.

19. COMPARATIVE FIGURES

Certain 2000 figures have been reclassified to conform with 2001 financial statement presentation.

FINANCIAL STATEMENTS

NEW BRUNWICK

PUBLIC LIBRARIES FOUNDATION

31 MARCH 2001

Office of the
Auditor General

Bureau du
vérificateur général

AUDITOR'S REPORT

To the Chairperson and Directors
New Brunswick Public Libraries Foundation

I have audited the statement of financial position of the New Brunswick Public Libraries Foundation as at 31 March 2001 and the statement of operations and changes in net assets for the year then ended. These financial statements are the responsibility of the Foundation's management. My responsibility is to express an opinion on these financial statements based on my audit.

Except as explained in the following paragraph, I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many charitable organizations, the organization derives revenue from the general public, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, my verification of these revenues was limited to the amounts recorded in the records of the organization and I was not able to determine whether any adjustments might be necessary to public donations, excess of revenues over expenses, assets and net assets.

In my opinion, except for the effect of adjustments, if any, which I might have determined to be necessary had I been able to satisfy myself concerning the completeness of the contributions referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Foundation as at 31 March 2001 and the results of its operations and changes in net assets for the year then ended in accordance with Canadian generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Authority and Objective

The New Brunswick Public Libraries Foundation is an independent entity created under the provisions of the New Brunswick Public Libraries Foundation Act proclaimed 1 March 1998. The mandate of the Foundation is

- (1) to receive gifts of real and personal property, including money, to support public library services in the Province, including support for capital projects for public library facilities, purchase of materials, equipment and supplies for public libraries and support for such library services as may be delivered through the public library system in the Province,
- (2) to invest and administer the property received,
- (3) to encourage, facilitate and carry out programs and activities that will directly or indirectly increase the financial support of or confer a benefit on public libraries in the Province,
- (4) to make grants and gifts in support of the public library system in the Province,
- (5) to promote the use and benefits of public libraries in the Province, and
- (6) to assist public library boards in raising funds for public libraries in the Province.

The affairs of the Foundation are administered by a Board of Directors of ten persons appointed by the Lieutenant-Governor in Council. The Department of Education is responsible for the administration of the New Brunswick Public Libraries Foundation Act.

2. Annual Grant

The Province provided a grant of \$100,000 during the year and approved future grants in each of the next two years of \$100,000 per year. This funding, unlike prior years, is not dependent upon the Foundation receiving donations from the public.

AUDITOR'S REPORT

The Honourable Bernard Lord
Premier of the Province of New Brunswick

- and -

The Chairman and Members of the
New Brunswick Research and Productivity Council

I have audited the consolidated statement of financial position of the New Brunswick Research and Productivity Council as at 31 March 2001 and the consolidated statements of operations and changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the Council's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Council as at 31 March 2001 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

**NEW BRUNSWICK RESEARCH AND PRODUCTIVITY COUNCIL
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 MARCH 2001**

1. Purpose of the organization

The New Brunswick Research and Productivity Council is a non-profit organization incorporated under the Research and Productivity Council Act 1962. The objectives of the Council are to promote, stimulate and expedite continuing improvement in productive efficiency and expansion in the various sectors of the New Brunswick economy. The Council provides independent research, testing and technical services to enterprises primarily within New Brunswick on a fee-for-service basis.

2. Significant accounting policies

(a) Fund accounting

Revenue and expense associated with delivery of services and administrative support are reported in the Operating Fund. The Capital Fund reports assets, liabilities, gains and expenditure related to the acquisition, disposal and financing of capital assets, as well as the amount of net assets restricted for capital purposes.

(b) Revenue recognition

Revenue is determined to be earned and is recorded in the Operating Fund on a percentage of completion basis when services are performed. The value of work completed but not billed is reported as Work in Progress, while amounts which have been paid or billed in advance, but for which work has not been done, are reflected as Deferred Revenue. All interest income is reported in the Operating Fund in the year it is earned, while gains and losses relating to disposal of capital assets are reported in the Capital Fund in the year the disposal occurs.

(c) Capital assets

Capital assets are recorded in the Capital Fund at cost. Amortization is provided on a straight-line basis over the assets' estimated useful lives. Amortization expense is recorded in the Operating Fund as part of the cost of service delivery.

(d) Consolidation policy

These consolidated financial statements include the accounts of the Council and those of its wholly-owned subsidiary, Minuvar Ltd.

**NEW BRUNSWICK RESEARCH AND PRODUCTIVITY COUNCIL
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 MARCH 2001**

3. Change in accounting policy

During the fiscal year, the Council adopted retroactively the policy of recognizing a liability for accrued retirement allowance entitlements. The Council was previously recognising this as an expense in the year when an allowance was paid out. The effect of this change is an increase in the 2000 liabilities of \$438,714 and decrease in the opening 2000 unrestricted operating fund balance of \$406,568. An additional \$29,829 was accrued and expensed in 2001 in accordance with the new accounting policy.

4. Long-term investments

The following investments are carried at cost. The fundamental source of uncertainty to which these investments are exposed is interest rate risk. Interest rate risk is the risk that the value of an investment will fluctuate due to future changes in market interest rates.

	Units	Unit Value	2001
Fixed Income			
Bank of Nova Scotia notes, due 26 June 2001, extendable at issuer's option until 2010. Interest at 6.00% is paid annually.	2,490	100	\$ 249,000
Export Development Corporation notes, due 17 April 2001, extendable at issuer's option until 2012. In 2001, interest at 5.650% is paid semi-annually, increasing incrementally to 7.00% in the final year.	5,000	100	500,000
Province of Nova Scotia notes, due 27 April 2001, extendable at issuer's option until 2010. Interest at 5.500% is paid annually	10,000	100	<u>1,000,000</u>
			<u>\$ 1,749,000</u>

5. Capital assets

	Amortization Rates	2001	2000
Vehicles	25 percent	\$ 14,343	\$ 14,343
Computer equipment	25 percent	1,138,337	950,162
Other equipment	12.5 percent	5,162,980	4,908,288
Building	3 percent	1,979,781	1,941,456
Cost		<u>8,295,441</u>	<u>7,814,249</u>
Less: accumulated amortization		6,009,061	5,572,515
Capital assets, net		<u>\$2,286,380</u>	<u>\$ 2,241,734</u>

Amortization expense is comprised of the following amounts:

	2001	2000
Amortization of assets	\$ 436,546	\$ 379,809
Amortization of deferred contributions	(23,402)	(38,389)
	<u>\$ 413,144</u>	<u>\$ 341,420</u>

6. Note payable

Atlantic Canada Opportunities Agency, interest free, payable \$3,750 quarterly through May 1, 2006	\$73,254
Less: current portion	<u>11,250</u>
	<u>\$62,004</u>

7. Deferred contributions

Deferred contributions reported in the Capital Fund represent the unamortized portion of external contributions received towards the cost of specific capital assets. Amortization of deferred contributions is calculated at the same rate as amortization of the assets to which they relate, and is netted with amortization expense for presentation purposes. This method of presentation became effective 1 April 1995.

**NEW BRUNSWICK RESEARCH AND PRODUCTIVITY COUNCIL
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 MARCH 2001**

7. Deferred contributions - continued

The changes for the year in the deferred contributions balance reported in the Capital Fund are as follows:

Deferred contributions at 31 March 2000	\$ 55,473
Contributions to the cost of equipment	-
Amortization of deferred contributions	(23,402)
Deferred contributions at 31 March 2001	<u>\$ 32,071</u>

Contributions towards the cost of capital assets in years prior to 1 April 1995 were credited to the cost of the related assets and thus reduced the net asset value subject to amortization. Since the Council's inception it has been the recipient of capital funding from a variety of programs; details concerning the amount and classification of assets funded through these programs are not reasonably determinable. For this reason, capital assets purchased prior to 1 April 1995 continue to be carried at cost net of external contributions.

8. Inter-fund transfers and internally restricted fund balances

The board of directors of the New Brunswick Research and Productivity Council internally restricted resources amounting to \$1,645,993 as at 31 March 2001. This internally restricted amount is intended for the acquisition of capital assets and payment of capital obligations and is not available for other purposes without the approval of the board of directors. This amount includes a 31 March 2001 transfer of \$500,000 from the Operating Fund to the Capital Fund.

9. Related party transactions

During the year the Council provided services to government departments and Crown agencies of the Province of New Brunswick.

The Council provides these services under its normal terms and conditions.

	2001	2000
Revenue from services provided for the year		
Government departments and agencies	\$1,007,599	\$1,405,465
Accounts receivable at 31 March		
Government departments and agencies	\$ 405,628	\$ 248,035

AUDITOR'S REPORT

To the Chairperson and Members of
Premier's Council on the Status of Disabled Persons

I have audited the balance sheet of the Premier's Council on the Status of Disabled Persons as at 31 March 2001 and the statements of revenue and expenditure and surplus for the year then ended. These financial statements are the responsibility of the Council's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Council as at 31 March 2001 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

**PREMIER'S COUNCIL ON THE STATUS OF DISABLED PERSONS
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Summary of significant accounting policies

(a) Capital assets

It is the policy of the Council to charge all capital asset purchases to expense in the period in which the expenditure is incurred.

(b) Services provided by the Province of New Brunswick

The Council uses an office for which rent is paid by the Province of New Brunswick. Therefore, no rental charge has been included in the Council's expenses.

(c) Appropriated surplus

Revenues other than the provincial grant have been designated by the Council for the expressed purpose of stimulating popular participation of the disabled throughout the Province in activities of the Council. To reflect the restricted use of these funds a special appropriated surplus account was created. Revenues, net of related expenses, are included in this special surplus account. The Council will utilize these funds to offset the increasing cost of enabling persons with disabilities to attend Council meetings or to obtain information.

2. Other activities – Disability Awareness Week

The Council acts as a co-ordinator for Disability Awareness Week (D.A.W.). The Council pays for some costs incurred in holding this event on behalf of the provincial D.A.W. committee. These funds are expected to be reimbursed to the Council from grants received by the provincial D.A.W. committee from Human Resources Development Canada (H.R.D.C.). Should the committee not receive sufficient funding from H.R.D.C. the Council is responsible for expenditures not reimbursed.

The Council paid \$4,490 on behalf of the provincial D.A.W. committee relating to next year's event. These costs are included in the prepaid expense on the financial statements. All the prepaid costs paid on behalf of the provincial D.A.W. committee for the June 2000 event were reimbursed.

**PROVINCIAL HOLDINGS LTD.
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Description of operations

Provincial Holdings Ltd. was established in 1973 under the Companies Act of the Province of New Brunswick. The Company is wholly owned by the Province of New Brunswick and is responsible for administering industrial development project investments. The administration of the Company's affairs is carried out by employees of the Province of New Brunswick under the direction of the Company's Board of Directors. All costs associated with these employees are paid by the Province.

2. Summary of significant accounting policies

a) Industrial development projects

The Company's investments in industrial development projects are carried at cost except where, by agreement, interest on such projects is capitalized. In these cases the capitalized interest is added to the cost of the investment.

To recognize potential losses relating to industrial development project investments, the Company maintains a provision for loss against its investments. Pursuant to Treasury Board minute 74-57, any losses arising on investments funded by advances from the Province of New Brunswick will be borne by the Province through a corresponding reduction in the long term debt of the Company. As a result of this undertaking by the Province, any losses recorded as an expense by the Company are offset by a recovery from the Province.

b) Capital assets

Amortization on the building is being taken at 4% per annum on a declining balance basis.

3. Long-term debt

Pursuant to Treasury Board Minute 74-57, advances from the Province of New Brunswick are interest free and are to be repaid from recoveries of amounts invested in industrial development projects.

4. Outstanding commitments

At 31 March 2001, the Company had outstanding commitments in respect of investments in industrial development projects and grants to industry of \$2,269,781 (2000 - \$5,452,272).

**PROVINCIAL HOLDINGS LTD.
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

5. Related party transactions

The Company acts as an agent for the Province of New Brunswick for the Self Start Program. Funds are advanced by the Province to cover any guaranteed loans called by the bank. Any amounts paid by Provincial Holdings Ltd. under the terms of the Program reduce the advance from the Province. During the 2000-2001 year, \$58,995 (2000 - \$177,501) was advanced to the Company and \$62,639 (2000 - \$179,857) was paid out under the terms of the Program. There will be no new clients under this program as of 31 March 2000.

6. Contingent liabilities

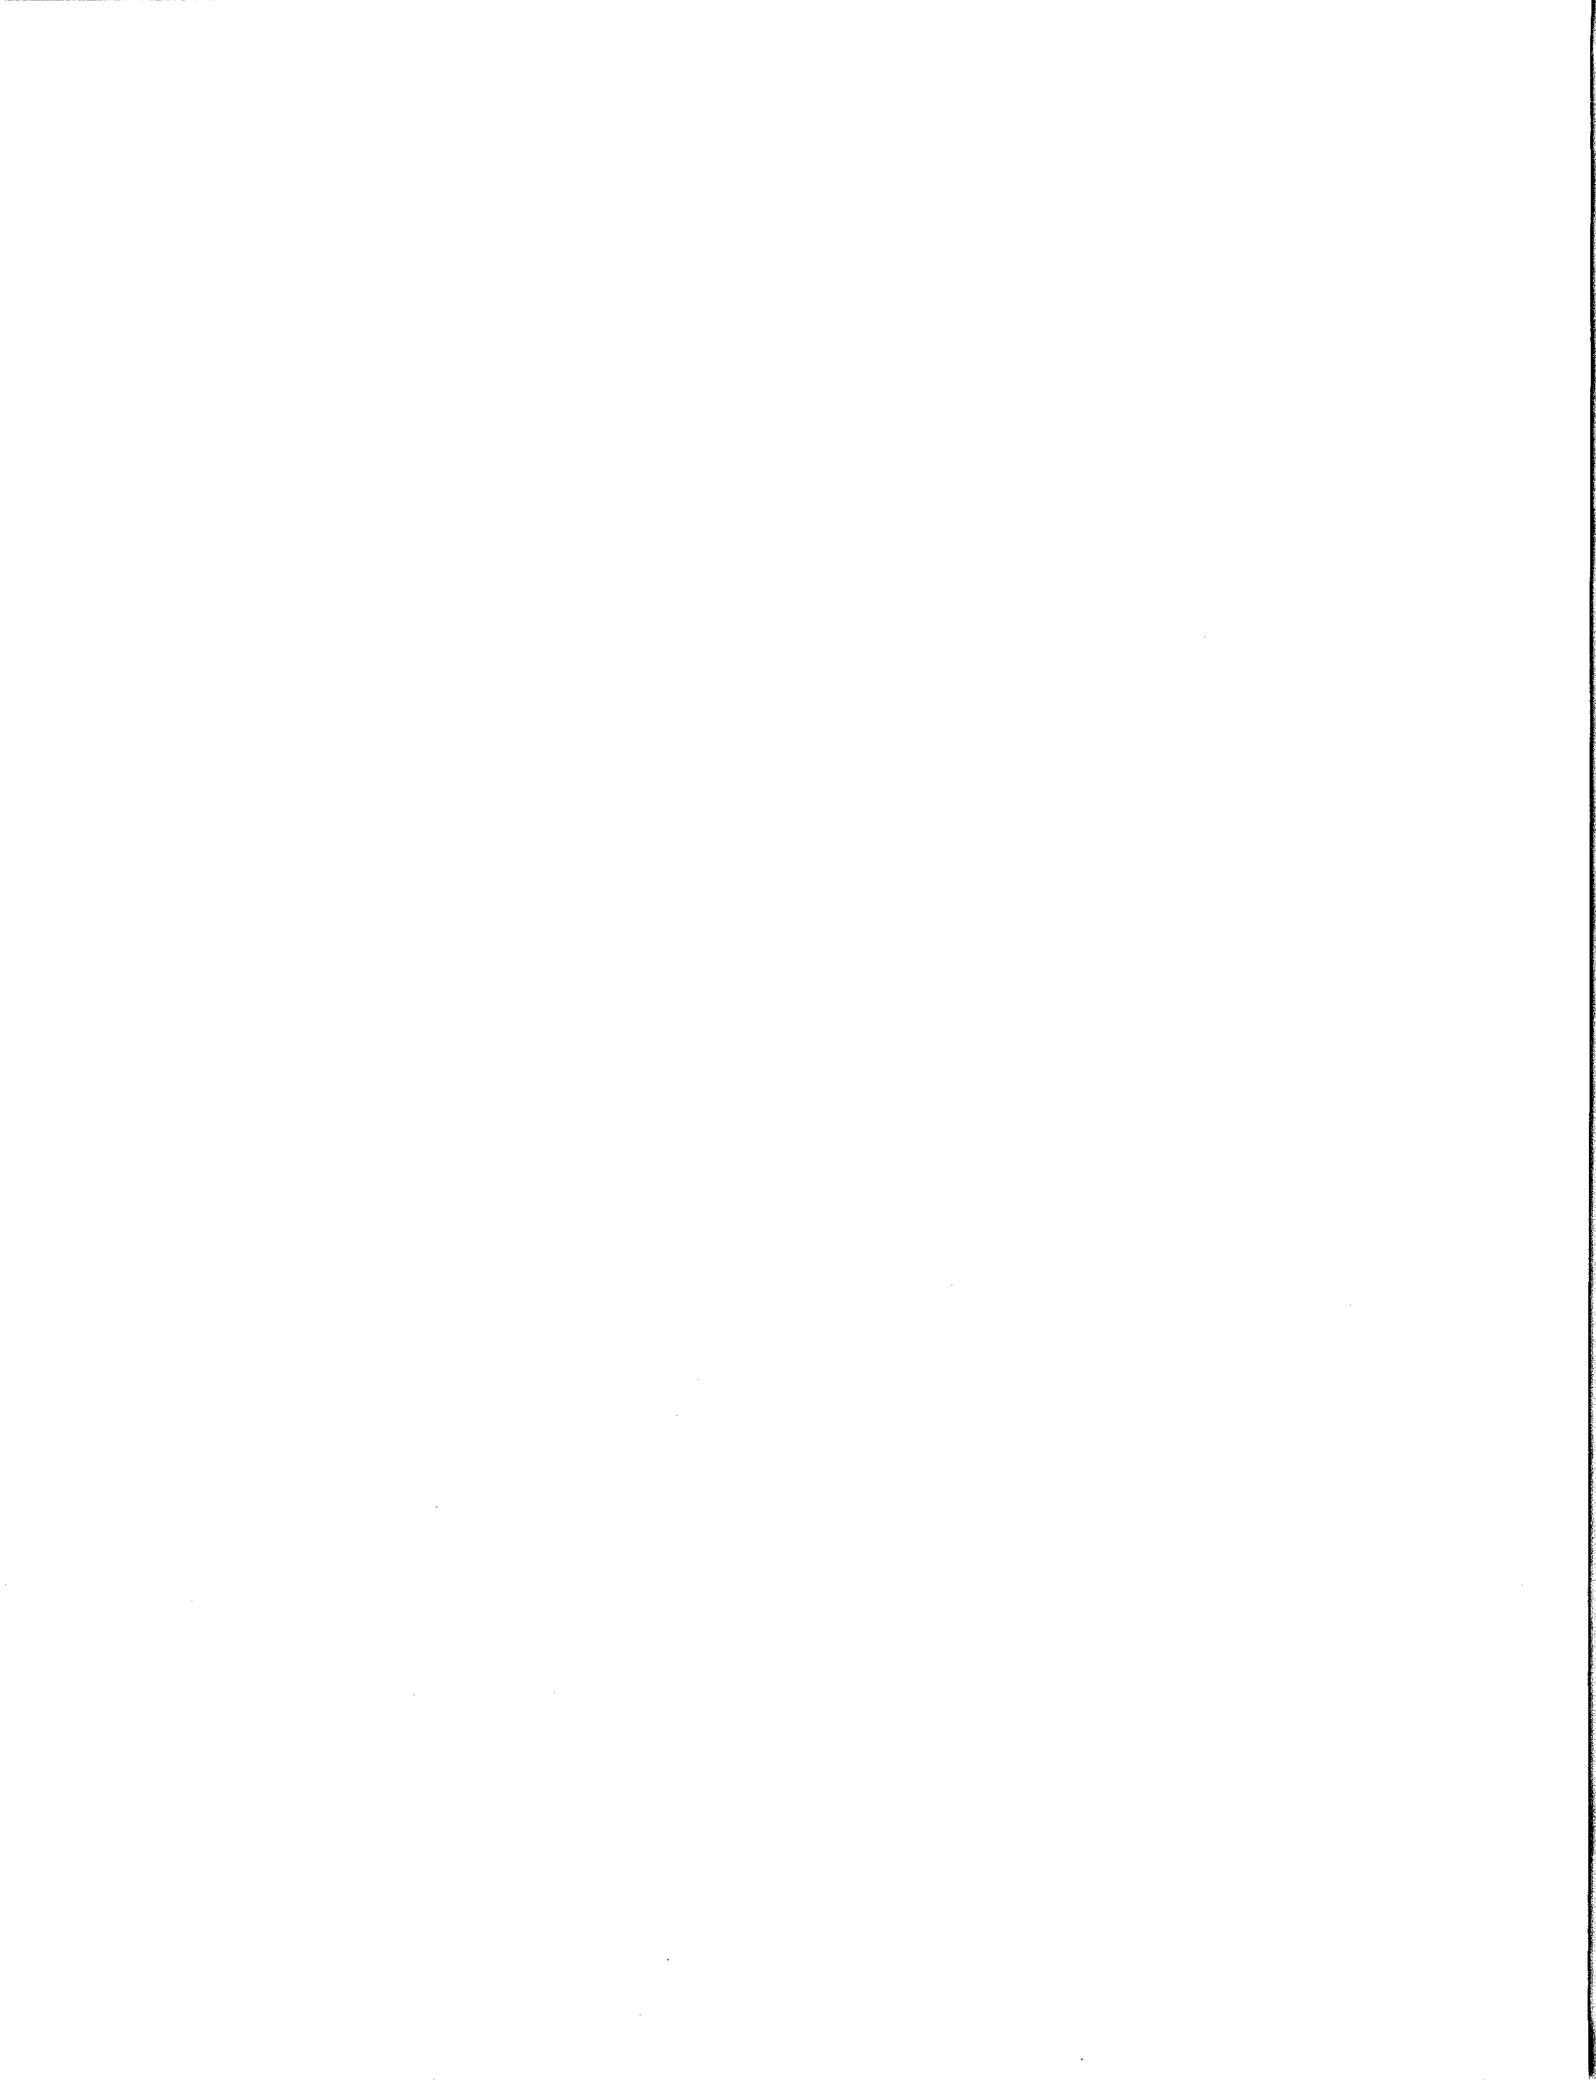

The Company has guaranteed loans of certain companies under the Self Start Program. At 31 March 2001, the contingent liability in respect of these guarantees was \$633,202 (2000 - \$1,084,301). The Company has also guaranteed a loan to a client company. Under the agreement, the amount guaranteed shall not exceed the lesser of \$7,500,000 or 50% of the balance of the loan. The contingent liability in respect of this guarantee was \$5,409,976 (2000 - \$6,230,047) at 31 March 2001. In both cases, any resulting losses will be borne by the Province of New Brunswick and will not be reflected as expenses of the Company.

7. Transfer of loans and investments

Loans, investments and interest receivable of approximately \$6,600,000 were transferred from Provincial Holdings Ltd. to the Province of New Brunswick on 31 January 2001. The provision associated with these loans totalled approximately \$5,700,000. This transfer resulted in a decrease in long term debt due to the Province.

8. Restatement of prior year's figures

Certain 2000 figures have been restated to conform with current year presentation. In addition to this the long-term debt due to the Province was increased and the 2000 opening retained earnings decreased by approximately \$414,000. This adjustment was made to bring the accounting treatment of the sale of the Grandview building in prior years in line with that of the Province.

**REGIONAL DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. General comments on operations

The Regional Development Corporation is a provincial Crown agency incorporated by an Act of the New Brunswick Legislature. The Corporation has administrative responsibility for all provincially delivered programs under the Regional Economic Development Agreement. The Corporation is also responsible for a number of other projects assigned to it by the Province.

Federal contributions are in some instances paid directly to project recipients. Such payments are not recorded in the revenues and expenditures of the Corporation.

The Regional Development Corporation established a Special Operating Agency (SOA) effective 31 March 1994. Amounts provided to the Corporation by the Province, which were subsequently transferred to the SOA, are shown in the Corporation's statement of revenue and expenditure. Amounts provided by other agencies or departments of government to the SOA are included in the financial statement of the SOA but are not included in these financial statements.

2. Fundy Trail Endowment Fund

The Province of New Brunswick and the Government of Canada have agreed to the establishment of this fund. The sole purpose of the fund is to assist in the construction of a scenic roadway from St. Martins, N.B. to Alma, N.B.

The Province of New Brunswick has advanced \$5 million to this fund. This \$5 million was advanced through the Regional Development Corporation. At a future date all or part of this \$5 million may be returned to the Regional Development Corporation. This date is to be no later than 31 March 2010.

Loans such as these, that are significantly concessionary because they earn a low rate of return, are originally recorded as assets at the net present value of the expected future cash flows. The net present value is calculated at each year end using the Province's borrowing rate at the time the loan was issued.

3. Commitments

Under the Regional Economic Development Agreement, the provincial government has committed funds subsequent to 31 March 2001 totalling approximately \$19.2 million.

Such commitments are made subject to funds being approved by the Legislature of New Brunswick.

**REGIONAL DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

4. Contingent liabilities

Contributions received from the federal government under federal/provincial cost sharing agreements are subject to adjustment following audits by federal authorities. Adjustments as a result of federal audits will be reflected in the financial statements of the Corporation in the period of settlement.

The Corporation has guaranteed loans of certain organizations. At 31 March 2001 the contingent liability in respect of these guarantees was \$4,020,000 (31 March 2000 - \$4,035,000). Any resulting losses will be borne by the Corporation.

AUDITOR'S REPORT

Lieutenant Governor in Council
- and -
The Chairperson and Directors
Regional Development Corporation
Fredericton, New Brunswick

I have audited the balance sheet of the Regional Development Corporation - Special Operating Agency as at 31 March 2001 and the statement of revenue and expenditure for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Regional Development Corporation - Special Operating Agency as at 31 March 2001 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

SPECIAL OPERATING AGENCY
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

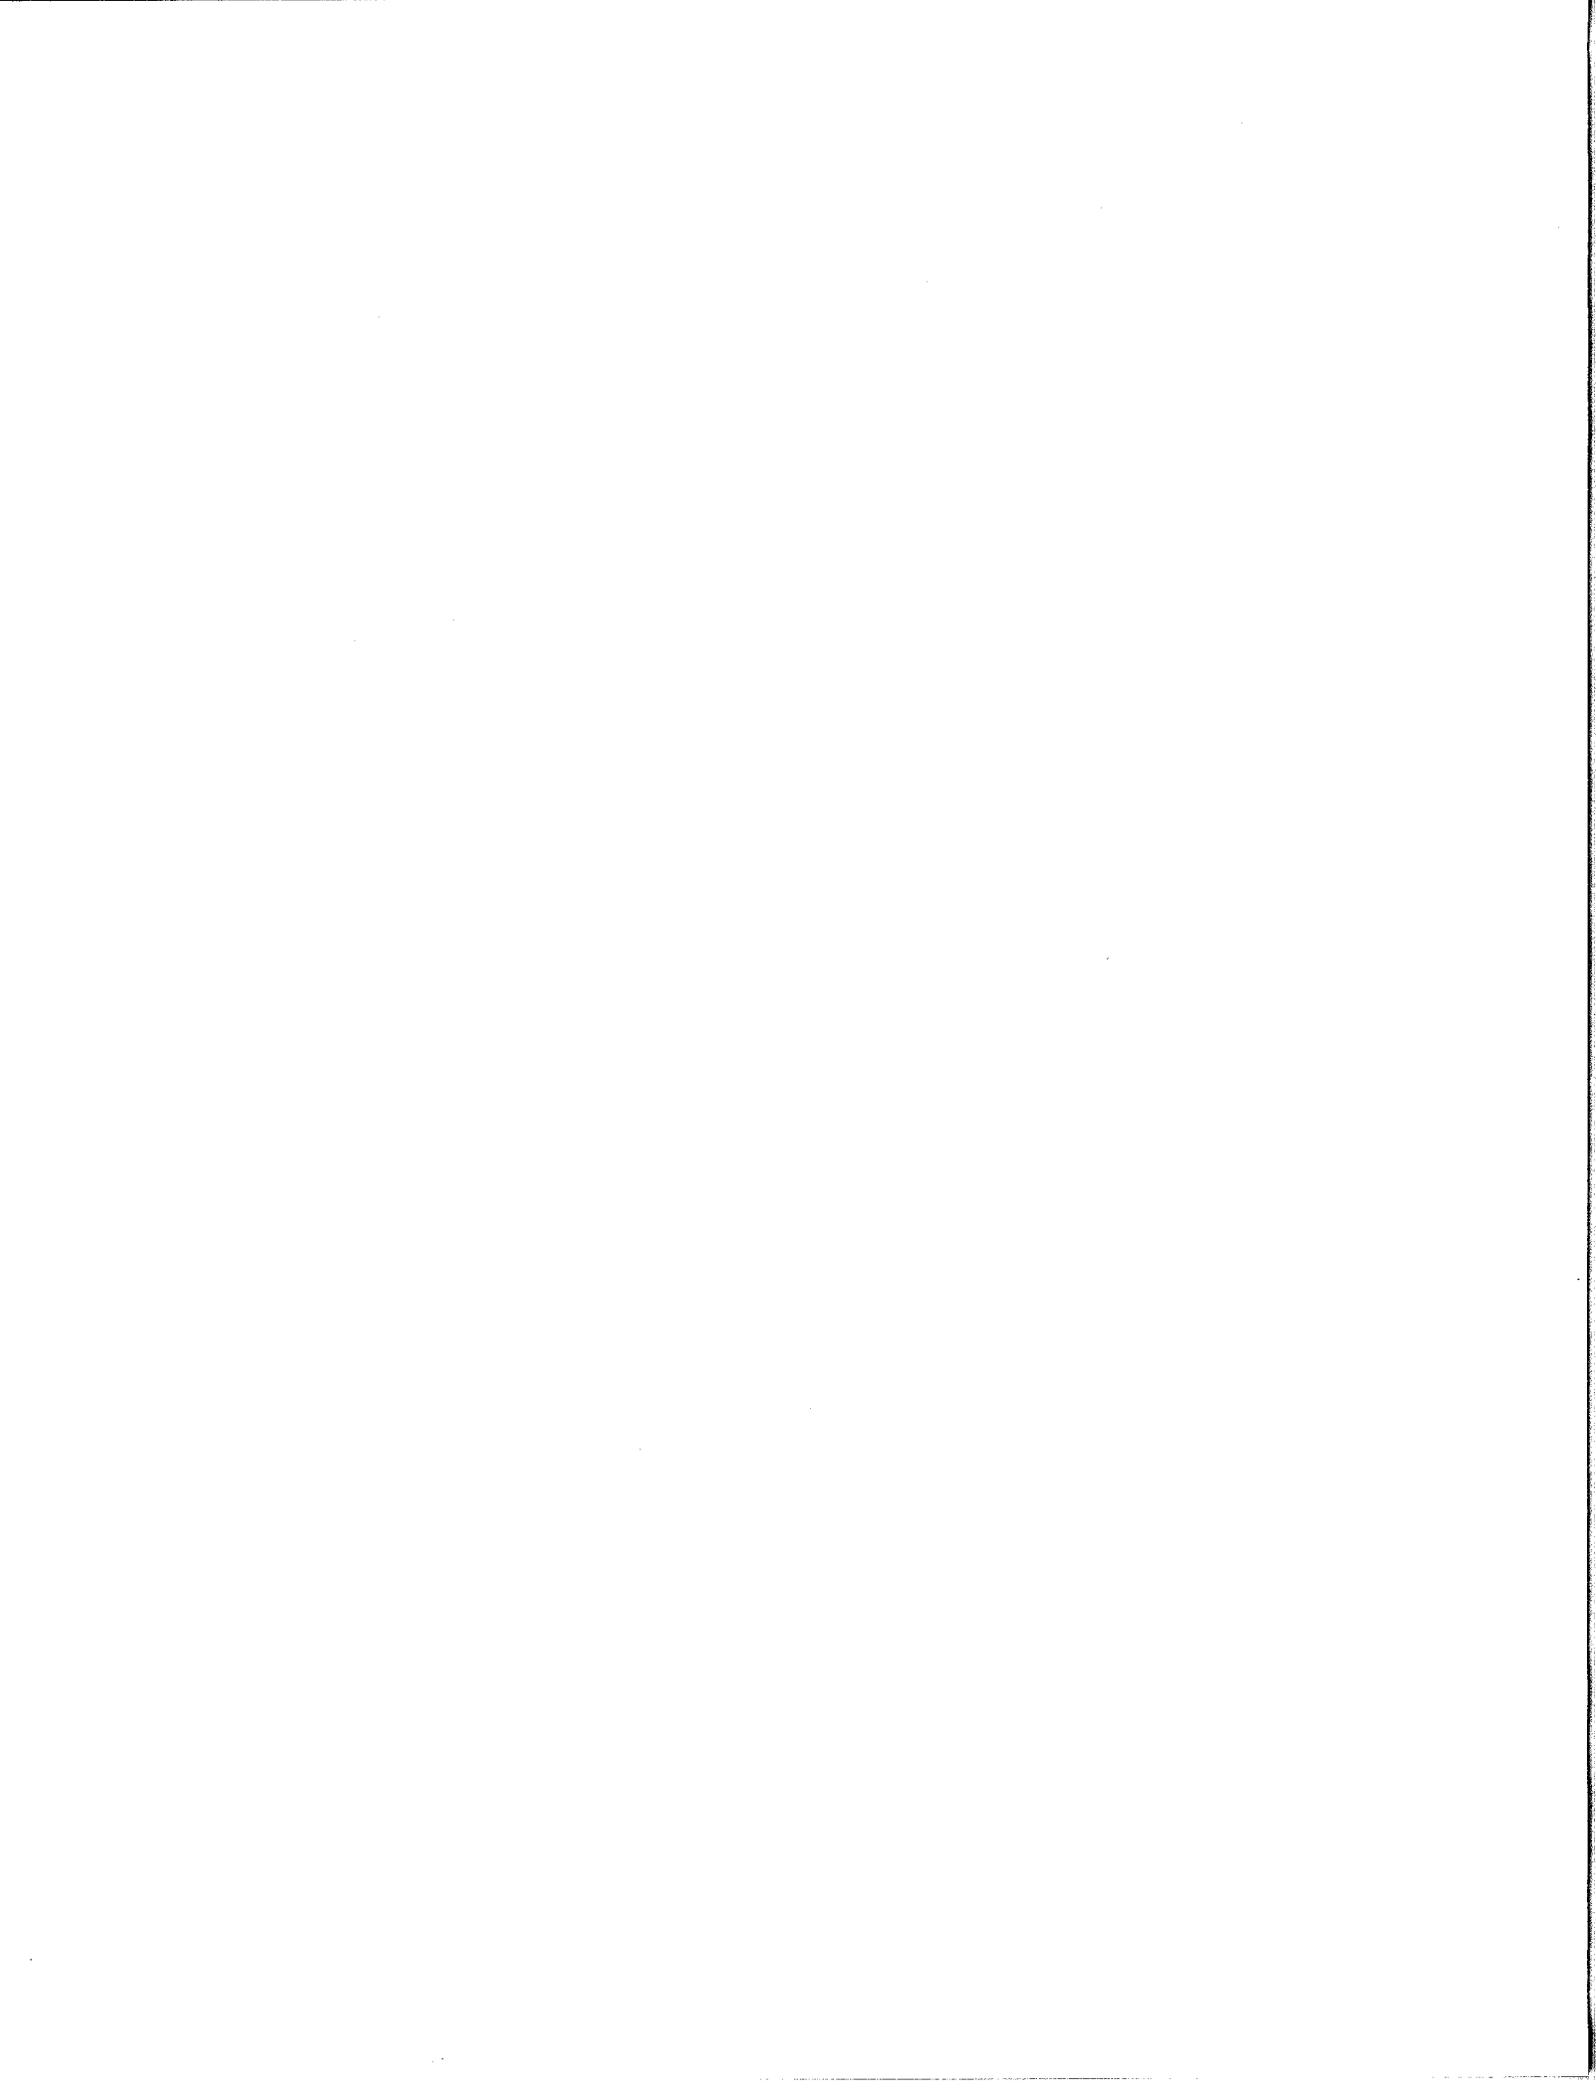

1. General comments on operations

The Regional Development Corporation Special Operating Agency (SOA) was established effective 31 March 1994. The SOA was formed initially for the purpose of providing financial management for the Canada - New Brunswick Infrastructure Agreement. The Agency is now also responsible for a number of other projects assigned to it by the Province.

The equity balance for the SOA represents amounts funded by the Province for future expenditures by the SOA. During the year \$2,137,676 in funds were returned to the Province as the projects they were intended for were discontinued.

2. Contingent liabilities - federal contributions

Contributions received from the federal government under federal/provincial cost sharing agreements are subject to adjustment following audits by federal authorities. Adjustments as a result of federal audits will be reflected in the financial statements of the Agency in the period of settlement.

MANAGEMENT REPORT

The preparation of financial information is an integral part of management's responsibilities, and the accompanying financial statements are the responsibility of the management of the Corporation.

The Corporation maintains an accounting system and related controls to provide management and the Board with reasonable assurance that transactions are executed and recorded as authorized, that assets are properly safeguarded and accounted for, and that financial records are reliable for the preparation of financial statements in accordance with generally accepted accounting principles.

It is the responsibility of the Board to oversee management's performance of its financial reporting responsibilities and to review and approve the financial statements. Upon the recommendation of the Audit Committee, these financial statements are approved by the Board of the Corporation.

AUDITORS' REPORT

To the Members of the Board:

We have audited the balance sheet of Service New Brunswick as at March 31, 2001 and the statements of income and changes in equity and cash flows for the year then ended. These financial statements are the responsibility of the corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in Canada. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the corporation as at March 31, 2001 and the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting principles in Canada.

The financial statements for the preceding year were audited by other Chartered Accountants.

Service New Brunswick

NOTES TO FINANCIAL STATEMENTS

For the year ended March 31, 2001

1. SERVICE NEW BRUNSWICK

Service New Brunswick is a Crown Corporation established under the *Service New Brunswick Act*. Its mission is:

- making government services more accessible; and
- being stewards for authoritative information.

2. ACCOUNTING POLICIES

General

The Corporation follows generally accepted accounting principles (GAAP).

Temporary Investments

Temporary investments are recorded at the lower of cost and market value. The carrying value of the Corporation's financial instruments approximate fair market value because of their short-term maturity and normal credit terms.

Capital Assets

Investments in information systems and databases and in physical assets having a value of \$2,000 or greater are capitalized and written off to income in accordance with the amortization policy.

Amortization

Amortization is computed on a straight-line basis on original cost with rates as follows:

Databases and system development	10 years
Furniture and equipment	10 years
Leasehold improvements	10 years
Vehicles	5 years
Computers and software	4 years

Measurement Uncertainty

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Service New Brunswick

3. CHANGES IN ACCOUNTING POLICIES

In previous years, the Corporation did not apply a value limit to capitalized assets. During this year, the accounting policy was amended to expense individual assets with a value of less than \$2,000. An amount of \$805,877 has been expensed for furniture and equipment with values of less than \$2,000 in the current year.

In previous years, the Corporation capitalized and amortized all investments in information systems and databases in the year they were incurred. During the current year, the accounting policy was amended to capitalize investments to work in process and commence amortization when the assets are put in to use.

There have been no adjustments applied retroactively for either change.

4. ACCOUNTS RECEIVABLE

	Year Ended 2001	Year Ended 2000
Current:		
• Trade	\$ 463,531	\$ 383,524
• Software sales	288,818	323,359
• HST Rebate	420,086	608,036
• Related Entities	284,804	260,229
• Employees	128,144	131,428
• Interest receivable	86,745	78,138
	<u>\$ 1,672,128</u>	<u>\$ 1,784,714</u>
Long Term:		
• Software sales	\$ 440,570	\$ 738,677

The repayment terms for long term software sales are based on monthly transaction volumes with a discounted interest rate applied.

The Corporation's accounts receivable do not represent significant concentration of credit risk because the accounts are owed by a large number of organizations on normal credit terms.

5. CAPITAL ASSETS

	Year Ended 2001			Year Ended 2000
	Cost	Accumulated Amortization	Net	Net
Equipment and Leasehold Improvements				
Computers and software	\$ 6,452,905	\$ 3,396,201	\$ 3,056,704	\$ 3,952,836
Furniture and equipment	1,690,916	837,731	853,185	942,558
Leasehold improvements	1,516,427	649,567	866,860	522,638
Vehicles	18,604	8,675	9,929	13,697
	<u>\$ 9,678,852</u>	<u>\$ 4,892,174</u>	<u>\$ 4,786,678</u>	<u>\$ 5,431,729</u>
Intangible Assets				
System development	\$14,137,322	\$ 4,655,530	\$ 9,481,792	\$ 9,374,067
Databases	1,018,040	893,116	124,924	234,280
Work in Process	2,243,993	-	2,243,993	-
	<u>\$17,399,355</u>	<u>\$ 5,548,646</u>	<u>\$ 11,850,709</u>	<u>\$ 9,608,347</u>

Service New Brunswick

6. DEFERRED LIABILITY

The Corporation entered into an agreement in 1995 to pay \$2,300,000 to the developer of one of its major systems over a five-year period ending November 2000. Payments were made based on transaction volumes with all outstanding amounts payable by the ending date.

7. LAND TITLES ASSURANCE

Under the *Land Titles Act*, the Province guarantees title to real property registered under Land Titles. The Corporation has established the Land Titles Assurance Fund to provide for potential claims respecting indemnification pursuant to the *Land Titles Act*.

8. LEASE COMMITMENTS

The following are future minimum payments for leased premises and equipment for the years ended:

2002	\$ 2,807,787
2003	2,574,075
2004	2,041,912
2005	1,979,169
2006	1,504,473
	\$ 10,907,416

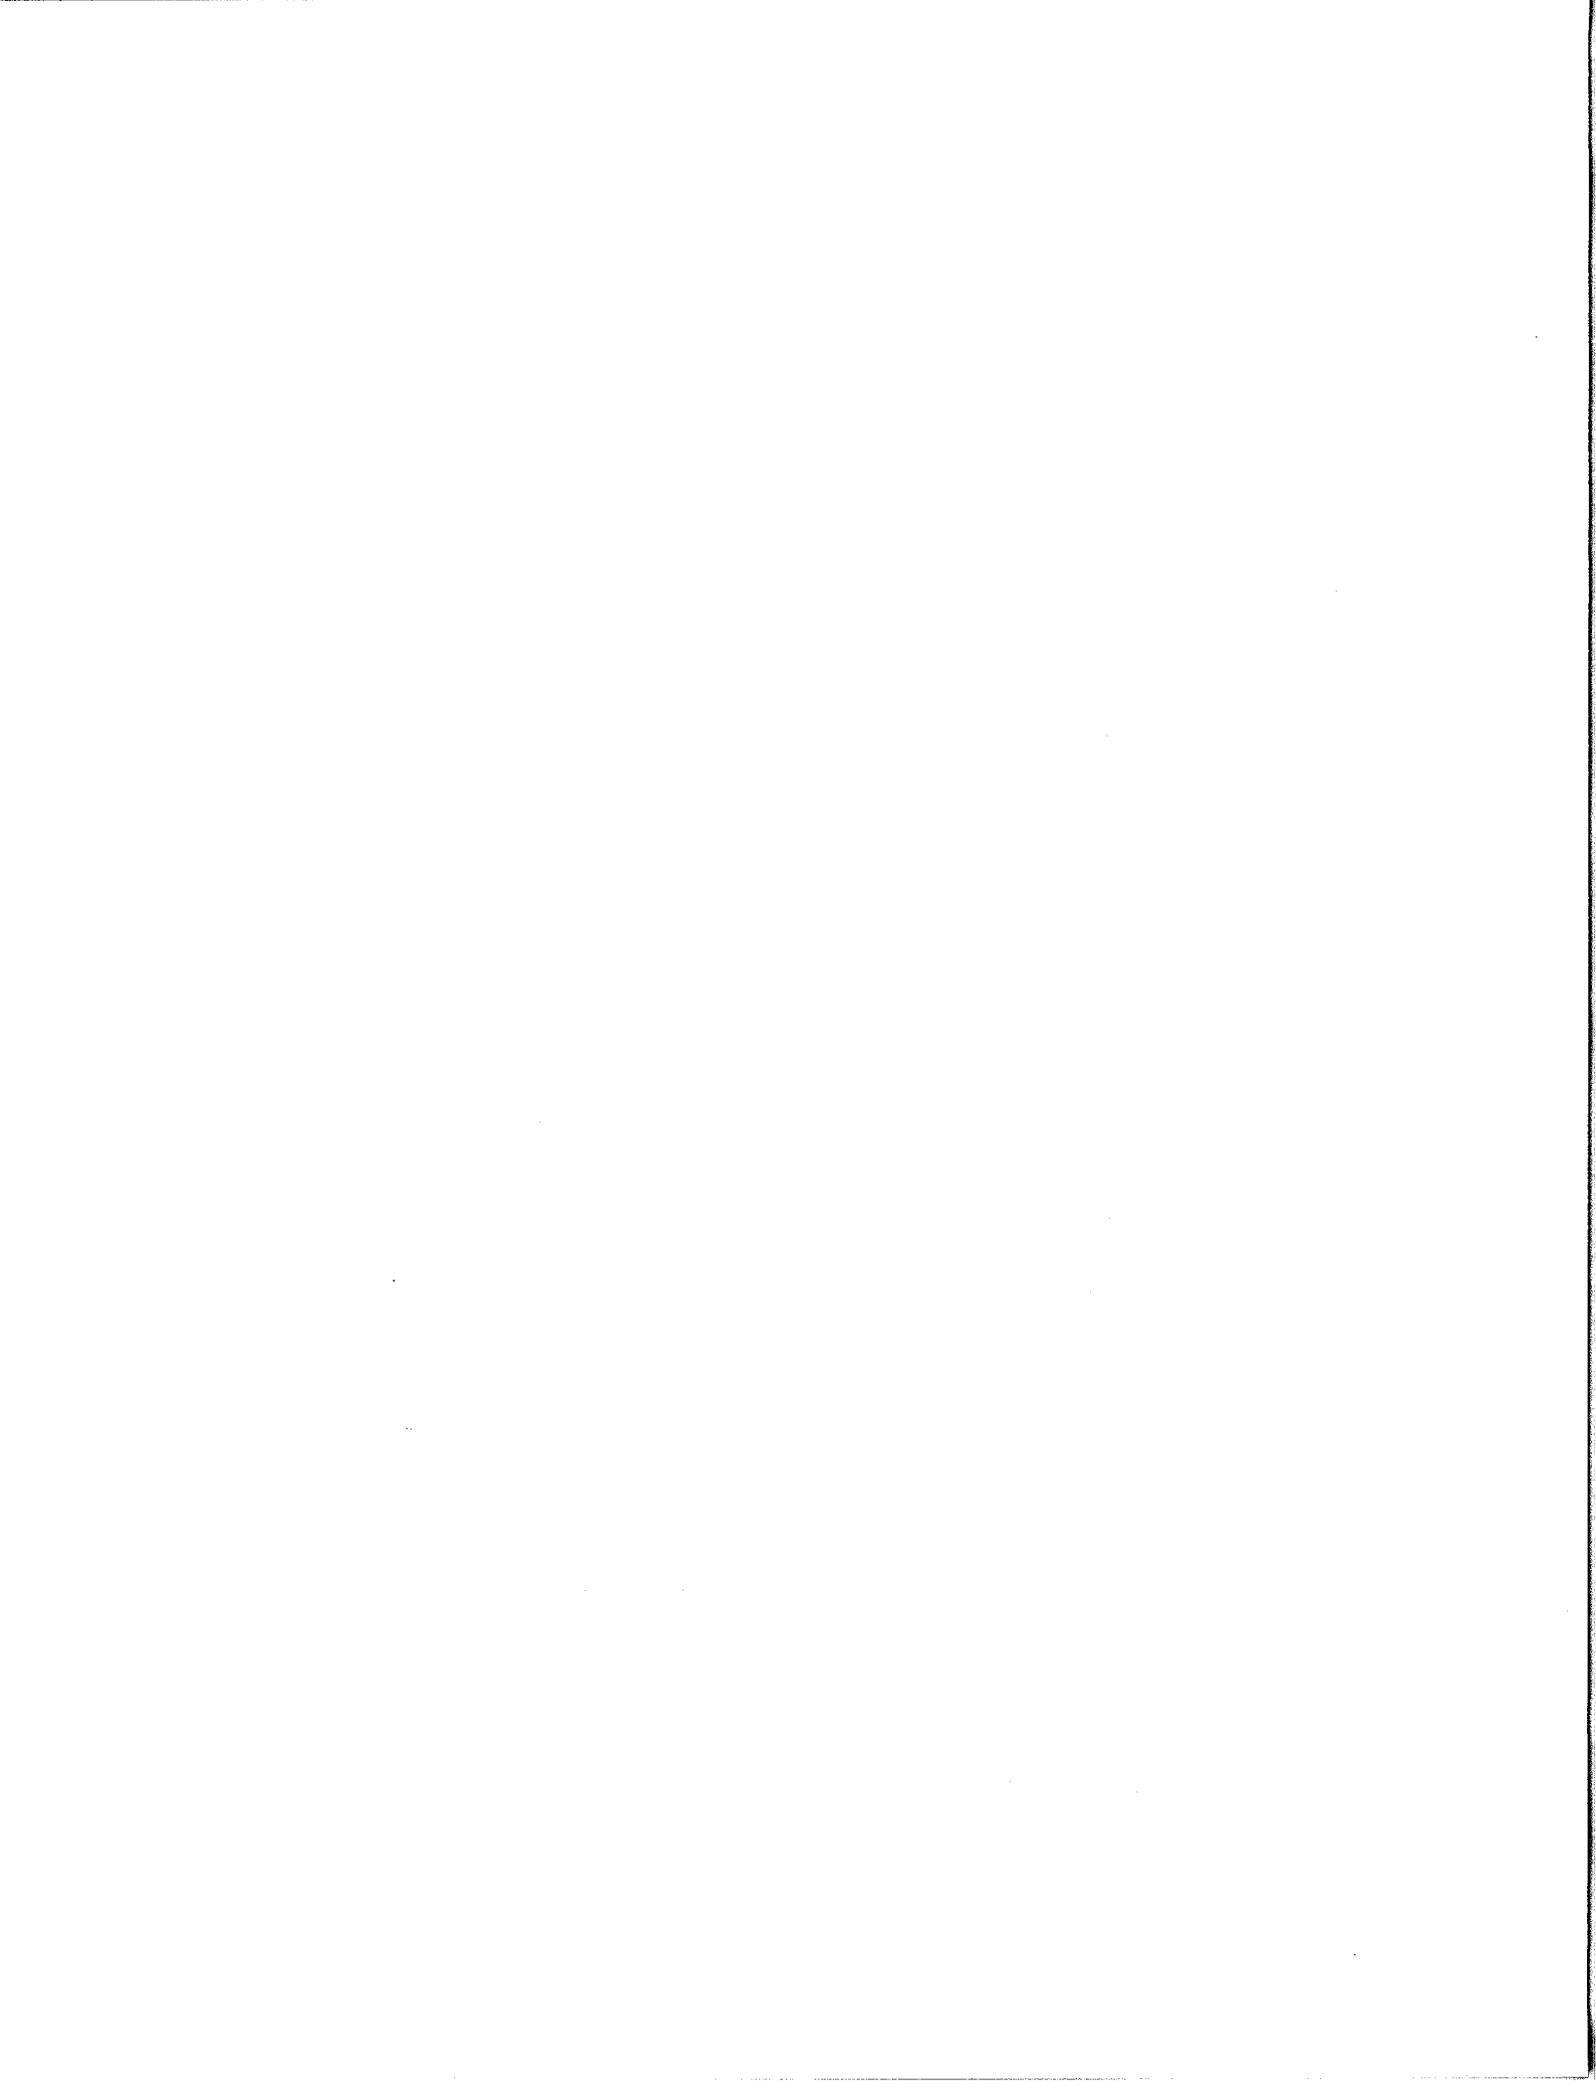

9. GOVERNMENT ASSISTANCE

The Corporation received assistance in the year ended March 31, 2001 from the Official Languages Program towards the implementation of the Corporation's bilingual on-line services and from Service Canada for the co-establishment of two federal Access sites. In the year ended March 31, 2000, the Official Languages Program provided assistance for the Unlimited Service to New Brunswick initiative and the Regional Development Corporation assisted with PLANET. Both related revenue and expenses are included in these statements.

	Year Ended 2001	Year Ended 2000
Official Languages Program	\$ 80,000	\$ 25,000
Service Canada	69,237	-
Regional Development Corporation	-	500,000
	\$ 149,237	\$ 525,000

10. COMPARATIVE FIGURES

Certain 2000 comparative figures have been restated to conform to minor reclassifications in the financial statement presentation adopted for 2001.

AUDITORS' REPORT TO THE SHAREHOLDERS

We have audited the statement of financial position of Strait Crossing Finance Inc. as at October 30, 2000 and the statement of earnings and retained earnings for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at October 30, 2000 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

STRAIT CROSSING FINANCE INC.

Notes to Financial Statements

Year ended October 30, 2000

1. Incorporation:

Strait Crossing Finance Inc. (SC Finance or the Company) was incorporated under the Canada Business Corporations Act as a special purpose corporation. Its sole business is restricted to the issuance and sale of Indexed Fully Amortizing Bonds due April 1, 2032, the lending of money to and making payments to Strait Crossing Development Inc. (SC Development) and matters related thereto.

The outstanding share of SC Finance is owned by Her Majesty the Queen in Right of New Brunswick. No shareholder is entitled to transfer any shares of SC Finance. SC Finance is exempt from taxes otherwise payable under the provisions of section 149(1)(d) of the Income Tax Act (Canada).

2. Transactions and agreements:

(a) Issue of Bonds:

On October 7, 1993, SC Finance issued Indexed Fully Amortizing Bonds (the "Bonds") in the principal amount of \$661,542,612 maturing on April 1, 2032. The Bonds will bear interest at an annual real rate, compounded annually, equivalent to 4.50% compounded semi-annually. Irrespective of any decline in the level of the consumer price index over any period after May 27, 1992, the aggregate payment to be made on the Bonds on May 31, 1997 will not be less than \$35,012,328 and on April 1, 1998 will equal at least \$41,900,000. On any subsequent Payment Date, the aggregate payment to be made on the Bonds will be not less than the highest payment made on any previous Payment Date, except for the payment made on April 1, 2032. No interest payments are required on the Bonds until May 31, 1997. Commencing May 31, 1997 and thereafter on April 1st of each year, 36 annual payments are due on account of principal and interest, such that all interest and principal will be fully repaid as of April 1, 2032.

(b) Subsidy Agreement and Assignment:

Also on October 7, 1993, SC Finance entered into a Subsidy Agreement with the Government of Canada whereby Canada agreed to make payments to SC Finance which correspond in timing and amount with the payments required on the Bonds, as described above. On the same date, SC Finance irrevocably assigned its rights to receive payments under the Subsidy Agreement to the Bond Trustee. The recourse of the Bondholders is limited to the Bond Trustee's right to receive payments under the Subsidy Agreement. Since an obligation of the Government of Canada has been irrevocably assigned to a trust, solely to satisfy the scheduled interest and principal repayment requirements of the Bonds, the Bonds are considered extinguished for financial reporting purposes. Accordingly, the Bonds payable and the amounts receivable under the Subsidy Agreement have been removed from the Company's statement of financial position.

STRAIT CROSSING FINANCE INC.

Notes to Financial Statements, continued

Year ended October 30, 2000

2. Transactions and agreements (continued):

(c) Developer Loan Agreement:

The proceeds from the issuance of Bonds were loaned by SC Finance to SC Development pursuant to a Developer Loan Agreement (the "Agreement") dated October 7, 1993. The Promissory Note from SC Development is unsecured and bears interest at a rate equivalent to that owing on the Bonds. The Promissory Note cannot be assigned or transferred by SC Finance without the consent of SC Development. The repayment terms of the Promissory Note are matched exactly with the payments required on the Bonds.

Under the terms of the Agreement, when the Bond Trustee receives a payment from the Government of Canada under the Subsidy Agreement, SC Finance must, on the same day, make a Contribution in the same amount to SC Development provided that SC Finance has received the required payment from SC Development under the Promissory Note.

Since the Promissory Note from SC Development is exactly matched by SC Finance's obligation to make Contributions to SC Development, and SC Finance and SC Development intend to settle these assets and liabilities simultaneously, the Promissory Note from SC Development and the Contributions due to SC Development have been removed from the Company's statement of financial position.

(d) Financial Maintenance Fee:

Under the Developer Loan Agreement, SC Finance is entitled to receive a Financial Maintenance Fee from SC Development to compensate SC Finance for on-going financial services. The Financial Maintenance Fee is to be equal to the costs SC Finance incurs with respect to the maintenance of records, including the fees and expenses of the Bond Trustee, less any other net revenues received.

AUDITORS' REPORT

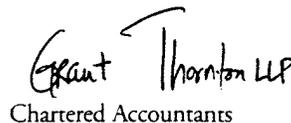

To the Honourable Minister of Training and Employment Development of the Province of New Brunswick

We have audited the balance sheet of the Workplace Health, Safety and Compensation Commission of New Brunswick as at December 31, 2000 and the statements of operations and fund balance and cash flows for the year then ended. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Workplace Health, Safety and Compensation Commission of New Brunswick as at December 31, 2000 and the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting principles.

WORKPLACE HEALTH, SAFETY AND COMPENSATION COMMISSION OF NEW BRUNSWICK**NOTES TO FINANCIAL STATEMENTS****December 31, 2000**

1. NATURE OF OPERATIONS

The Workplace Health, Safety and Compensation Commission ("the Commission") was established by the New Brunswick Legislature effective January 1, 1995, under the *Workplace Health, Safety and Compensation Commission Act*. The Commission is responsible for the administration of the *Workers' Compensation Act* and the *Occupational Health and Safety Act*, and, in accordance with the provisions of these acts, for promoting accident prevention; administering the payment of benefits to injured workers; levying and collecting assessments from employers sufficient to fund the current and future costs of existing claims; and promoting occupational health and safety.

The Province of New Brunswick has committed to the funding of a grant to the Commission in support of occupational health and safety.

2. SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES**Unbilled assessments**

A portion of assessment income for the year is not billed or received until after year end. Part of the amount receivable is an estimate based on an analysis of payroll data of assessed employers and on other information. The remainder is determined based on amounts billed and received subsequent to year end. Any difference between unbilled assessments and the actual assessments received is credited or charged to income in the following year.

Recoverable benefits liabilities and self-insured employers

These financial statements include the effects of transactions carried out for self-insured employers (Federal and certain Provincial Government institutions) who bear the direct cost of their incurred claims and an appropriate share of administration costs.

The benefits liabilities recorded in these financial statements include obligations to injured workers of self-insured employers, excluding those injured workers and dependents receiving benefits under the *Government Employees Compensation Act* or the *Silicosis Compensation Act*. These obligations represent the actuarial present value of all expected future benefits payments on behalf of self-insured employers, for claims which occurred in the current fiscal year, or in any prior year. As these liabilities will be borne by the self-insured employers when paid, an offsetting recovery equal to the benefits liabilities is reported on the balance sheet as recoverable benefits liabilities. Self-insured employers who are Crown Corporations are required to provide the Commission with an irrevocable letter of credit, or a guarantee from the Province of New Brunswick as security.

The benefits liabilities recorded in these financial statements also include estimated obligations under the *Special Payment to Certain Dependent Spouses of Deceased Workers Act*. A portion of payments to eligible spouses of deceased workers will be recovered from the Province of New Brunswick, and accordingly, an offsetting amount has been reported on the balance sheet as part of recoverable benefits liabilities.

Investments**a) Fixed-term investments**

Fixed-term investments are carried at amortized cost. Gains and losses realized on disposal of fixed-term investments are amortized on a straight-line basis over the average period to maturity of approximately nine years (1999 – seven years).

b) Equities

Equity investments and option contracts are stated at moving average market value. Realized and unrealized gains and losses occurring during the year are deferred and amortized on a straight-line basis over a five-year period.

c) Fair values

Fair values of investments are determined as follows:

- Fixed-term investments and equities are valued at year-end quoted prices.
- Short-term notes, treasury bills and term deposits maturing within a year are stated at cost plus accrued interest, which approximates fair value.

d) Foreign currencies

Equity investments denominated in foreign currencies are translated into Canadian dollars at exchange rates prevailing at the end of the year. Income from equities is translated at the rate in effect at the time the income is received.

Exchange gains or losses resulting from the translation of foreign currency denominated equity balances are amortized into investment income in the same manner as other equity gains or losses.

WORKPLACE HEALTH, SAFETY AND COMPENSATION COMMISSION OF NEW BRUNSWICK
NOTES TO FINANCIAL STATEMENTS

December 31, 2000

2. SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (CONTINUED)

Capital assets

Capital assets are reported at cost and are depreciated on a straight-line basis over their estimated useful lives. The rates used are as follows:

Buildings	25 or 40 years
Furniture and equipment	5 years
Computer software and hardware	3 years
Motor vehicles	3 years, 35% residual value

Post-employment benefits

Payables and accruals include an amount for post-employment benefits based upon a December 31, 2000 extrapolation of a 1999 actuarial valuation conducted by the Commission's independent consulting actuary.

Benefits liabilities

Benefits liabilities represent the actuarial present value of all future benefits payments expected to be made for claims which occurred in the current fiscal year or in any prior year. The benefits liabilities include provision for all benefits provided by current legislation, policies and administrative practices in respect of existing claims. Benefits liabilities also include the estimated liability for latent occupational disease and a provision for future administration costs of existing claims. Due to the nature of the estimated liability for latent occupational disease and the extent of related historical claims information available, this liability is more uncertain by its nature than other benefits liabilities. As information is accumulated and analyzed, adjustments may be necessary to improve precision.

It is the Commission's policy to have an independent consulting actuary complete a valuation of the benefits liabilities of the Commission every two years. Such a valuation was performed as at December 31, 2000. In interim years, the Commission's internal actuary completes an estimate of the benefits liabilities. This estimate is reviewed with the Commission's consulting actuary, but not at the same level of detail as when a full independent valuation is performed. Actual future costs could vary from those amounts presented in the financial statements.

Included in benefits liabilities is an amount for pensions established to compensate injured workers and surviving spouses for the loss of retirement income due to an industrial accident, as provided in Sections 38.22, 38.54 and 38.7 of the *Workers' Compensation Act*. At year end, \$11.1 million (1999 - \$9.2 million) is included in benefits liabilities, representing the applicable pension on eligible compensation payments already made, plus interest calculated at the accounting rate of return on the Commission's investment portfolio. Future costs relating to these benefits are provided for as part of the benefits liabilities determined by actuarial valuation or review.

Funding policy

The Commission's funding policy permits a range for its funded ratio of assets to liabilities between 100% and 110% and specifies a funding goal of 105%. This permitted excess of assets over liabilities reduces the impact of year-to-year fluctuations, disasters and other unanticipated events, therefore providing rate stabilization. The assessment revenue raised in any year from assessed employers may include or be reduced by an amount designed to allow the Commission to attain a funded ratio considered financially advisable. The funded ratio at December 31, 2000 is 104.6% (1999 - 109.0%).

Workers' Rehabilitation Centre

Included in health care payments is \$5.8 million (1999 - \$7.1 million) for services provided by the Workers' Rehabilitation Centre, a department of the Commission.

3. RECEIVABLES

4. INVESTMENTS (CONTINUED)

v) Derivative financial instruments

At December 31, 2000, no derivative financial instruments were included in the Commission's investment portfolio. However, certain of the Commission's external investment portfolio managers may from time to time utilize unlevered derivative financial instruments where appropriate, to increase portfolio diversification, reduce interest rate and foreign currency volatility and enhance overall investment returns.

vi) Investment agreement

The Commission has entered into an investment agreement for the combined management of its investments and those of the Workers' Compensation Board of Prince Edward Island. These financial statements report the Commission's proportional share of the investments held in the fund which was 91.04% at December 31, 2000 (1999 - 91.10%). The Commission receives a fee for the administration of the Workers' Compensation Board of Prince Edward Island's share of the fund.

12. LEGISLATIVE OBLIGATIONS AND OTHER RELATED PARTY TRANSACTIONS

These financial statements include the results of operating activities with various Provincial Government controlled departments, agencies and Crown Corporations, with which the Commission may be considered related. The Commission is required by legislation to reimburse the Provincial Government for operating costs of the Workers' and Employers' Advocates.

Investments in the amount of \$2.1 million (1999 – \$0.9 million) held by the Commission at December 31, 2000 were issued by the Province, its agencies, or municipalities and guaranteed by the Province.

13. EMPLOYEE PENSION PLAN

The Commission and its employees participate in a contributory defined benefit pension plan, administered by the Province of New Brunswick under the *Public Service Superannuation Act*. The plan provides pensions to employees of the Provincial Government and certain Crown Corporations and agencies based on the length of service and highest successive five year average salary.

An extrapolation to April 1, 2000 of an external actuarial valuation of the plan conducted as at April 1, 1999 indicated that the present value of the accumulated plan benefits exceeded the market value of the net assets available to provide those benefits. The Province has advised the Commission that the plan was fully funded as at April 1, 2000.

14. CONTINGENT LIABILITY

In 1998, certain surviving spouses of deceased workers, who became disentitled to benefits as a result of remarriage or cohabitation commenced legal action against the Commission for reinstatement of benefits. On this action, the New Brunswick Court of Queen's Bench ruled in favour of the Commission. On December 6, 2000, the Province of New Brunswick proclaimed the *Special Payment to Certain Dependent Spouses of Deceased Workers Act*, which entitled eligible spouses of deceased workers to a payment of \$80,000 for each eligible person who waives the right to any further legal action against the Commission. The special payment will be funded by the Commission and the Province. The Commission estimates that there are 176 persons eligible for the payment and has recorded estimated benefits liabilities equal to \$14 million and recoverable benefits from the Province of New Brunswick and other self-insured employers, of \$6.5 million. Although total settlement costs to the Commission could exceed the amount recorded, it is management's opinion that the surviving spouses have no legal rights to any additional funds.

15. BUDGET

The 2000 budget figures which are presented for comparison with the actual figures were approved by the Commission's Board of Directors and have not been audited.

16. COMPARATIVE FIGURES

Certain of the 1999 figures which are presented for comparative purposes have been reclassified to conform with the presentation adopted in the current year.

FINANCIAL STATEMENTS

YOUTH COUNCIL OF NEW BRUNSWICK

vérificateur général

AUDITOR'S REPORT

To the Chairperson and Members
Youth Council of New Brunswick

I have audited the balance sheet of the Youth Council of New Brunswick as at 31 March 2001 and the statement of revenue, expense and surplus for the year then ended. These financial statements are the responsibility of the Council's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Council as at 31 March 2001 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

**YOUTH COUNCIL OF NEW BRUNSWICK
NOTES TO FINANCIAL STATEMENTS
31 MARCH 2001**

1. Purpose of the organization

The Council was established by a cabinet decision in May 1986 and the appointment of the Council was announced in March 1987. The Council began operations in May 1987.

The Youth Council's mission statement reads as follows:

The Youth Council of New Brunswick is the provincial body representative of youth which voices the interests, needs, concerns and perspectives of young people aged 15 - 24, and presents recommendations to government and the public. This is achieved by acting as an advisory and advocacy body, through resource co-ordination and by research and consultation. Through its actions, the Youth Council of New Brunswick strives to be a catalyst for increasing youth involvement in society.

2. Capital assets

It is the policy of the Council to charge all capital asset purchases to expense in the period in which the expenditure is incurred.

3. Services provided by the Province of New Brunswick

The Council uses an office building owned by the Province of New Brunswick and there are no rental charges.

4. Youth Connexions Jeunesse – Purpose of the organization

The Council established Youth Connexions Jeunesse (YCJ), a youth information centre, in November 1993.

A new component was taken on in 2000 as part of the Youth Connexions Jeunesse operation. The Fredericton Youth Information Line provides assistance and information on employment-related services and programs.

The YCJ's mission statement reads as follows:

YCJ's mission is to facilitate connections between young people and various agencies / organizations in New Brunswick and beyond, sensitizing the public to youth issues by creating broad partnerships and promoting a sense of community involvement with youth throughout the province.
